2. OPERATIONS:

Overall Review of the Business of the Company:

As you must be aware that the Company was carrying on the business of real estate and construction, running of various malls, in the recent past and the Company was having various sites/ malls located into the various parts of northern region of India. The members must also be aware that in past few years the Company has kept all its projects on hold due to adverse market conditions.

You will also appreciate the fact that the Board of Directors, in their reports of all the previous financial years, have intimated to the shareholders about the keeping on hold all of its projects due to adverse market conditions. The Company is also incurring losses in all its financial years in the recent past.

M/s. Sunil Mistry & Co., Chartered Accountants, statutory auditors of the Company, who was appointed in place of M/s. Vinay Gudi & Associates, Chartered Accountants, and who have conducted their audit of the Company for the first time, have expressed concerns over nonperforming assets of the Company and suggested their writing off from the books of the Company, so as to give true and correct view of the financial statements of the Company. Accordingly the statutory auditors, along with management of the Company, have visited all the projects of the Company. They have analyzed the current status, future viability, and to some extent, assessed the profitability of the projects. Based on Statutory Auditors' suggestions, the management has deliberated detailed thought process on the continuing or discarding of projects. The management also considered the status & viability of other malls operated by other companies in close vicinity and has reached to the conclusion that many of the malls are on the verge of shut down.

We would also like to bring to your kind attention that considering its long pending incomplete construction status, the mall has become vulnerable to possible natural calamities or any other man made disturbances.

This asset, which is actually a non performing asset of the Company for quite long, is in the state of scrap and its value has completely been eroded off. Accordingly the management was of the view that showing of this non performing asset in the financial statements of the Company, will not give true and fair view of the exact financial position of the Company. The management of the Company don't want to create any type of falls impression in the minds of its members that the Company is having huge assets in terms of its cost and selling value in market, but in actual reality its value is not more than any scrap. Hence the Board of Directors of the Company has decided to write off this asset in the financial statements of 31st March, 2016.

Accordingly the necessary accounting treatment which is prescribed by Accounting Standard No.36 – Impairment of Assets, as issued by ICAI, which prescribed writing off of the impairment loss against the profits of the Company. The impairment loss is an amount by which carrying amount, i.e. amount at which the asset is shown in the balance sheet, exceeds the assets recoverable amount.

The said treatment will give true, fair and transparent picture of the financials of the Company in the minds of its shareholders and other stakeholders.

You will also appreciate the fact that the Management has no control over the market forces and all are aware of the challenging times faced by Real Estate players. Even the major players like DLF, DB Realty, Unitech etc. are highly stressed. The only silver lining in our case is that the Company is having “Zero Debt” and has been able to weather all the storms.

The Management and Board of Directors are striving and committed to bring the Company to the right track and bring back the prosperity which the Shareholders have once seen and have relied upon.

Financial Performance of the Company:

During the year the Company has recorded the growth of around 235% in its revenue from operations as compared to that of last year. Whereas the bottom line has dipped to losses of Rs.26,01,47,323/- owing to impairment of assets.

Your Director strives to achieve better performance in the future taking maximum efforts to control the costs and optimize the results in the coming years.
