H. AUDITORS REMARKS**1. Stock Valuation:**

During the year the company has changed the method of allocation of joint cost over DOC and Crude oil. Earlier the allocation of joint cost over DOC and Oil was made on the basis of their production ratio. Now your Directors are of the opinion that this method of allocation needs to be changed due to economic changes that has taken place in Solvent Industries. In view of the rising prices of Oil it is prudent to allocate the joint cost on the basis of their relative sales ratios after production. This method of allocation of joint cost is also in conformity with the requirements of Accounting Standard AS-2 "Valuation of Inventories" issued by the Institute of Chartered Accountants of India. This method, in our opinion will reflect the fairest possible approximation to the cost incurred in bringing the items of inventories to their present location and condition.

2. Revenue Recognition of waiver of IDBI Term Loan:

During the year, the company had applied for revision in repayment schedule under the One Time Settlement Scheme. IDBI had vide its letter bearing reference nos. 4684/ IDBI/MBO/CFD/ SV dated January 3rd, 2003 approved the revision in repayment schedule subject to timely repayment of the settlement amount before 15th March 2004. The difference between the balances appearing in the Balance Sheet towards outstanding liability payable to IDBI and the settlements amount has not been adjusted pending the total compliance of all the terms of IDBI. Hence impact of reduction in liabilities on Waiver of Term Loan from IDBI will be recognized only after complete repayment of loan as per revised repayment schedule.

3. Internal Audit:

Under the changed economic scenario the company has identified certain additional important areas which needs to be covered under the Internal Audit System so as to make it
