Letter to Shareowners – From the CEO's desk

Dear Shareowners,

The past year augurs well for the next evolution in the media and entertainment industry. Reliance Broadcast Network Limited (RBNL) turned six and this portends the stability and growth that our company begot in this very dynamic industry.

Your company has emerged as the leading entertainment network in the country – across platforms – including radio and television. It is my firm belief that what we have seen so far is only the tip of the iceberg and therein lies a lot for us to achieve in the years to come. While our radio business has been EBIT positive for last few quarters, all businesses barring television have also broken even in the last quarter.

Our radio network and flagship brand **92.7 BIG FM** has set its mark. The network recently won the 'Radio Broadcaster of the Year' at the Golden Mikes Awards 2011 and was also the most awarded Indian radio station at the New York Radio Festival 2011, winning five awards and making it to three final lists, amongst over 30 participating countries.

The Government has initiated several transformational initiatives that bode well for this industry. In 2012, we await Phase III Licensing of radio which will open new licenses that will extend FM's reach to 90 per cent of India's population. It will also allow for ownership of multiple frequencies, operational networking and permission to broadcast sport, news and current affairs content which will unleash the true potential of the medium. We, India's largest private FM operator, will get that much closer to becoming the definitive pan-India radio network. This clubbed with the network coverage we already enjoy will broaden our listener base and help us grow even stronger. Phase III will truly be an inflection point for radio.

On the television front, the Cabinet's move towards digitization of broadcasting distribution will go a long way in strengthening our robust television network. Our country's media consumption is on an upward curve driven by Tier II and Tier III demand and newer platforms. We through our subsidiaries and joint venture entities distributing / operating television channels are committed to offer innovative content and a high quality TV experience to our discerning audiences.

The **BIG CBS** joint venture with our partners CBS Studios International has fortified the network which has emerged as the No. 1 English Entertainment Network in the country. The channels have heralded a change in the way English television entertainment is consumed in India. With defined and sharpened positioning for each channel they have stood out amongst the clutter and lived up to the promise of offering the latest, freshest and hottest in global entertainment.

The **BIG CBS** JV has launched four Channels: **BIG CBS PRIME**, a premium general entertainment channel; **BIG CBS SPARK**, the ultimate music destination targeted at the youth; **BIG CBS LOVE**, India's first ever international women's entertainment channel positioned as the Diva Destination and **BIG CBS SPARK PUNJABI**, positioned as the regional general entertainment Channel customized for the regional market across Punjab, Chandigarh and Himachal Pradesh.

Entertaining, enthralling and incisive programming has seen viewers glued to crime investigation, reality shows, sport, movies, talk shows, talent shows, women-oriented programs and other best of general entertainment programming, enabling us with top honours and garnering a loyal clientele and fan base.

In the regional television space, our channel **BIG MAGIC**, the first regional entertainment channel from RBNL has cemented its position as the No. 1 channel of the Hindi heartland of UP, MP, Bihar and Jharkhand. Backed by excellent programming and aggressive marketing, the channel features the best local programming that audience desire. We also launched **BIG MAGIC** in Canada in June 2012 positioned to offer to the South Asian Diaspora audiences, magic from India, ranging from entertainment shows to daily business news from Bloomberg TV – India.

Our portfolio of channels caters to untapped market segments, through a de-risked investment strategy of joint ventures and regional launches aimed at quicker break-evens. The adulating success of our TV network gave us the needed impetus to foray deeper into the genre. We have also signed our second international agreement entering into a 50:50 joint venture with the RTL Group, Europe's leading Entertainment Network. The first JV channel 'Thrill' will hit the airwaves later this year.

Another development I feel excited to share, is the coming on board of **Bloomberg TV**, India's premier business news channel, as part of our distribution portfolio. The partnership points at excellent synergies between the businesses and will allow for seamless integration of Bloomberg TV into our existing bouquet, making it a 7 channel strong well crafted bouquet.

Our Intellectual Properties division **BIG LIVE** has been growing from strength to strength, we have continued to conceptualize innovative and path breaking shows and the proof of its success can be measured by our partner channels like Star Plus and ETV who continue to associate with our IPs year after year.

Our content division, **BIG Productions**, has already created two 500 episode long shows and has become a renowned name in television content. The company's **out-of-home** (OOH) assets, present in regulated spaces, are complimentary play to our broadcasting businesses completing the advertisers bouquet.

The Company which embarked on a journey over five years ago with radio, has today matured into India's leading multi-media entity. With the self-belief, that we have what it takes, to become the best in the world will go a long way and help us become a truly world-class media conglomerate.

I cannot end without thanking our employees, who carry the values of our company as they ensure excellence in execution, demonstrate service leadership and teamwork and constantly innovate each day, to ensure our stakeholders get maximum value. I thank each one of them for their unstinted support. I would also like to take this opportunity to thank each of you, our shareholders, for your unwavering belief in this dream and hope to have you by our side in this exciting journey ahead!
