Important Communication to Members

The Ministry of Corporate Affairs has taken a "Green Initiative in the Corporate Governance" by allowing paperless compliances by the companies and has issued circulars stating that service of notice/documents including Annual Report can be made by e-mail to its members. To support this green initiative of the Government in full measure, members who have not registered their e-mail addresses, so far, are requested to register their e-mail addresses, in respect of electronic holdings with the Depository through their concerned Depository Participants. Members who hold shares in physical form are requested to register the same with Karvy Computershare Private Limited.

17th Annual General Meeting on Tuesday, September 27, 2011 at 2.00 p.m. or soon after the conclusion of the Annual General Meeting of Reliance Communications Limited convened on the same day, whichever is later, at Birla Matushri Sabhagar, 19, New Marine Lines, Mumbai 400 020.

The Annual Report can be accessed at www.reliancepower.co.in

Letter to Shareowners

My dear fellow shareowners,

It gives me great pleasure to share with you the highlights of our Company's performance in the last one year.

As many of you might know, our first operating plant, phase-I of the 1,200 MW, coal based Rosa project located at Shahjahanpur in Uttar Pradesh, successfully completed its first year of operation in FY 2011. This resulted in the Company earning operating profit for the first time in its short history. You will be pleased to know that the plant is running successfully at a Plant Load Factor (PLF) of over 90 per cent in the last nine months.

At our last Annual General Meeting in September 2010, I had stated that we expect to become a 5,000 MW operating company by 2012. I am pleased to report that we are on track towards successfully achieving this milestone.

We expect to commission two of our coal-based projects, namely the 600 MW Rosa Phase II project, the 600 MW Butibori project at Nagpur, Maharashtra, and one unit of the 3,960 MW Sasan Ultra Mega Power Project (UMPP) at Singrauli, Madhya Pradesh, by 2012. Besides, we shall commission the open cycle phase of India's largest gas based power project, the 2,400 MW project at Samalkot, in the current financial year and the combined cycle phase by the next year. This will be a record since no gas based power project in India has come up in such a short period of time.

The year 2010-11 also heralded a new beginning in realizing our commitment towards clean, green power. We emerged as a successful bidder for a 100 MW Solar power project in a competitive bid conducted by NTPC Vidyut Vyapar Nigam (NVVN) under the auspices of the Jawaharlal Nehru National Solar Mission. We have signed the power purchase agreement with NVVN and commenced developmental work at our site near Jaisalmer, Rajasthan. The project will be commissioned in 2013. Upon completion, it will not only rank as India's largest solar project but also as one of the largest solar projects in the world. As part of our commitment towards the environment, we plan to build all our future coal based projects using state-of-the-art super-critical technology. Two of our super-critical projects - the 3,960 MW Sasan UMPP and the 3,960 MW Krishnapatnam UMPP became the world's largest power generation plant to be registered with Clean Development Mechanism Executive Board (CDM-EB) of United Nations Framework Convention on Climate Change (UNFCCC). The registration with CDM-EB allows the projects to earn Certified Emission Reduction (CER) credits. The projects will generate approximately 35 Million CERs for the initial 10 years of operation.

To complement our fast-track execution of power projects, we also plan to develop our coal mines at an accelerated pace. With the approval of the mine plan of 40 million tonne capacity at our Tilaiya mines, we are on track to become India's largest

integrated power and coal mining company in the next five years. We have also purchased 100 per cent economic interest in three mines in Indonesia to augment our domestic coal resources and move towards self-sufficiency in coal. This is particularly important in today's business environment where shortage of fuel has become one of the biggest bottlenecks in the sector, thus allowing us to maintain a competitive edge over our rivals.

You will be pleased to know that the Company has also started drilling work in one of our Coal Bed Methane (CBM) blocks in Sohagpur, Madhya Pradesh. We believe that our CBM blocks would produce sufficient gas to power a capacity of up to 2,000 MW in the future.

Performance Review

A snapshot of the Company's consolidated financial performance during FY10-11 is provided below for your reference:

Total income of ₹ 1,918.03 crore as compared to ₹ 843.38 crore in the previous year.

Net profit of ₹ 760.44 crore as compared to ₹ 683.89 crore in the previous year.

Earnings Per Share (EPS) (basic and diluted) of ₹ 2.94 as compared to ₹ 2.85 in the previous year.

Corporate Governance

RPower has always maintained the best governance standards and practices by adopting, as is the norm for all constituent companies of the Group, the "Reliance Group - Corporate Governance Policies and Code of Conduct". These Policies and Code prescribe a set of systems, processes and principles, which conform to the highest international standards and are reviewed periodically to ensure their continuing relevance, effectiveness and responsiveness to the needs of investors, both local and global, and all other stakeholders.

Social Commitments

We are developing a large portfolio of projects which require substantial use of natural resources such as land, water and minerals. We take adequate care in designing our power generation plants in a manner that optimizes the utilization of land, thereby bringing down the aggregate land requirement and minimizing the potential for disruption and displacement of local communities. We are also adopting cleaner technologies related to power generation that reduce the consumption of fuel and water required for plant operations, thereby conserving a precious natural resource and contributing to a greener and healthier environment.

Letter to Shareowners

Many of the areas in which we are implementing projects are not very well developed and it will always be our mission to contribute towards improving the quality of life of the communities living in these areas. Indeed, we believe that our success in executing large-scale generation projects is critically dependent on following a participatory development-oriented approach that strengthens our bond with the local population.

In order to achieve these objectives, we have made significant outlays in healthcare, education and livelihood opportunities for local communities.

Our Commitment

Our founder, the legendary Shri Dhirubhai Ambani, gave us a simple mantra: to aspire to the highest global standards of quality, efficiency, operational performance and customer care. We remain committed to upholding that vision. Dhirubhai exhorted us to think big. With your continued support, we will think bigger. Indeed not just bigger but better, creating ever greater value for all our stakeholders.

Anil Dhirubhai Ambani
Chairman

Explanatory Statement pursuant to Section 173(2) of the Companies Act, 1956 to the accompanying Notice dated May 27, 2011.

Item No. 5

Issue of equity shares to the Qualified Institutional Buyers

The Company, a member of the Reliance Group, is engaged in developing, constructing and operating power projects in different parts of the Country. The Company on its own and through its subsidiaries has a planned portfolio of more than 35,000 MW of power generation capacity, both operational as well as under development. In order to part finance such a large portfolio of power projects and to enhance its global competitiveness and ability to compete with the peer groups in the domestic and international markets, the Company needs to strengthen its financial position and net worth by augmenting its long term resources.

For the above purposes as also for meeting the requirements for general corporate purposes, as may be decided by the Board from time to time, it is proposed to seek the enabling authorisation of the Members of the Company in favour of the Board of Directors ("Board"), without the need of any further approval from the Members, to undertake the Qualified Institutional Placement ("QIP") with the Qualified Institutional Buyers ("QIB"), in accordance with the provisions of Chapter VIII of the SEBI (Issue of Capital and Disclosure Requirements) Regulations, 2009, as amended from time to time ("SEBI ICDR"), as set out in the resolution at Item No. 5 of the accompanying Notice.

In view of the above, the Board may, in one or more tranches, issue and allot equity shares / fully convertible debentures / partly convertible debentures / non convertible debentures with warrants / any other securities, which are convertible into or exchangeable with equity shares on such date(s) as may be determined by the Board but not later than 60 months from the date of allotment (collectively referred to as "QIP Securities"). The QIP Securities proposed to be issued by the Board shall be subject to the provisions of the SEBI ICDR including the pricing, which will not be less than the average of the weekly high and low of the closing prices of the related shares quoted on the stock exchanges during the two weeks preceding the Relevant Date. The Relevant Date for the determination of applicable price for the issue of the QIP Securities shall be the date of allotment of the QIP Securities by the Board pursuant to the applications received by the Company.

For the reasons aforesaid, an enabling resolution is therefore proposed to be passed to give adequate flexibility and discretion to the Board to finalise the terms of the issue. The QIP Securities issued pursuant to the offering would be listed on the Indian stock exchanges.

The proposed issue of QIP Securities as above may be made in one or more tranches such that the aggregate amount raised by issue of QIP Securities shall not result in the increase of the issued and subscribed equity share capital of the Company on the

relevant date by more than 25 per cent of the then issued and subscribed equity shares of the Company as on the Relevant Date.

The QIP Securities issued pursuant to the offer, if necessary, may be secured by way of mortgage / hypothecation on the Company's assets as may be finalized by the Board in consultation with the Security Holders / Trustees in favour of Security Holders/ Trustees for the holders of the said securities. The security that may have to be created for the purposes of this issue, as above may come within the purview of Section 293(1) (a) of the Companies Act, 1956. Necessary approval has already been accorded by Members of the Company for creation of such Security(s) at the meeting held on September 1, 2007.

Section 81 of the Companies Act, 1956 and Listing Agreement entered into with the Stock Exchanges, provide, *inter alia*, that where it is proposed to increase the subscribed share capital of the Company by allotment of further shares, such further shares shall be offered to the persons, who on the date of the offer are holders of the equity shares of the Company, in proportion to the capital paid-up on those shares as of that date unless the Members decide otherwise. The Special Resolution seeks the consent and authorization of the Members to the Board of Directors to offer and issue the QIP Securities, in consultation with the Lead Managers, Legal Advisors and other intermediaries to offer and issue the QIP Securities to any persons, whether or not they are members of the Company.

The Board of Directors accordingly recommends the special resolution set out at Item No. 5 of the accompanying Notice for the approval of the Members.

None of the Directors and the Manager of the Company are, in any way, concerned or interested in the said resolution, except to the extent of their shareholding in the Company.

Item No. 6

Raising of Resources through Issue of Securities in the International Markets

The Company on its own and through its subsidiaries has a planned portfolio of more than 35,000 MW of power generation capacity, both operational as well as under development. In order to part finance such large portfolio of power projects and to enhance its global competitiveness and ability to compete with the peer groups, the Company needs to strengthen its financial position and net worth by augmenting long term resources. To achieve the significant competitive advantages, through easy access to large amounts of international capital, with extended maturities, at optimal costs, the Company may need to issue Securities in the international markets, as contemplated in the resolution at Item No.6 of the accompanying Notice and as may be decided by the Board and found to be expedient and in the interest of the Company.
