## **MANAGEMENT DISCUSSION AND ANALYSIS**

### **INDUSTRY OUTLOOK**

The Steel Industry has assumed vital importance in the Development of Indian Economy. The Infrastructure Industry, Automobile Industry and Road Development Activities are developing enormously.

Your Company has a vital role to play in the developing Economy, as the job orders of de-coiling, straightening, shearing and cutting of varies sizes of Iron and Steel Coils are on the increase during last couple of years.

Due to thrust on infrastructure development by the government of India the Company will continue to get orders on job work.

### **OPPORTUNITIES AND THREATS**

India accounts for 5% of the Global Steel Consumption. The use of steel in railway coaches, wagons, airports, hotels, kitchenware and retail stores has been growing fastly.

India's steel consumption rose by 6.8% during April – November, 2009 over the same period a year ago on account of improved demand from sectors like automobiles and consumer durables. A Credit Suisse Group study states that India's Steel Consumption will continue to grow by 16% annually till 2012 fuelled by demand for construction projects worth US \$ 1 trillion.

The scope for raising the total consumption is huge as the per capita steel consumption in India is only 35kg as compared to 150kg across the World and 250kg in China. With the current rate of ongoing Greenfield and brownfield projects, the Ministry of Steel has projected India's Steel capacity is expected to touch 124.06 MT by 2011-12.

The major threats for steel industry are rising prices of raw materials necessary for producing the steel products. In addition to this, major obstacles are inadequate availability of suitable quality of coal and high cost of energy / finance.

### **RISKS AND CONCERNS**

In spite of growing demand and increase in production of steel products at domestic and global level during the year under review, there exists imbalance in respect of supply and demand. Rising prices of the steel products at global level and domestic market may slow down the demand for steel products. The company has been taking continuous modernization programme to maintain efficient operation of its Steel manufacturing activities. The Company is facing acute competition in obtaining job orders since the prices of steel plates have gone up. However due to specialized execution of the job orders your Company will continue to get more orders as compared to other competitors.

## **INTERNAL CONTROL SYSTEMS**

The Company has engaged the services of expert consultant to streamline adequate internal control systems to ensure efficiency of machinery and the result is positive.

## **FINANCIAL PERFORMANCE**

During the year under Report your Company achieved a Operating Income (from Job Work) of Rs.313.63 Lacs as against Rs.478.95 Lacs in the previous year. Other Income earned during the year stood at Rs.37.09 lacs as against Rs.33.56 lacs in the previous year. The Profit before Depreciation and tax was Rs.153.55 Lacs as against Rs.296.72 Lacs in the previous year. The profit after Depreciation and Tax was Rs 70.48 lacs as against Rs.167.68 lacs in the year ended 31<sup>st</sup> March, 2009.

Your Company continuous to be a zero debt Company and dividend paying Company. The Company is also receiving interest on Loans to traders and suppliers. The Company has been paying Dividend from 2004 onwards.

## **CAUTIONARY STATEMENT**

Statements in this Management Discussion and Analysis describing the Company's objectives, projections, estimates, expectations or predictions may be 'forward-looking statements' within the meaning of applicable securities laws and regulations. Actual results could differ materially from those expressed or implied. The Company undertakes no obligation to publicly update or revise any forward looking statements, whether as a result of new information, future events, or otherwise.
