OPERATIONS

During the year under review, the company has surpassed its' targeted production with capacity utilization above 100% of it's installed capacity as the company produced 26,543 mt of High Carbon Ferro Chrome with it's two 9 MVA furnaces. Despite the increase in power tariff as well as withdrawal of power subsidy due to new power subsidy delivery regimn intruoduced by WBSEB, the Company has managed to achieve it's target and attained a Profit After Tax of Rs. 7.75 Crores. During the year under review, the Company has completed the installation of it's 3rd 9 MVA furnace at it's existing facility at Bishnupur, which has started production from April '2005. With this capacity addition the total installed capacity of the Bishnupur plant shall thus be 40,000 mt per annum.

NEW PROJECTS AND EXPANSION

Your Company has planned to expand it's operation manifold by investing more than Rs.100 Crores into the state of Orissa by setting up 66-MVA Ferro Alloy Plant consisting of 4 Nos. submerged arc furnaces of 16.5 MVA capacity each to produce H.C. Ferro Chrome, as well as Manganese based Alloys viz. Silico Manganese & Ferro Manganese. The proposed plant site is located at the Kalinganagar Industrial Complex in the Jajpur District of Orissa. The unit shall have a combined installed capacity of producing 1,00,000 TPA of Ferro Alloys comprising of H.C. Ferro Chrome, Silico Manganese & Ferro Manganese, and is expected to start operation from the 1st Quarter of FY 2006-07.

PUBLIC ISSUE

Your company is planning to go Public by brining its first IPO to part-finance the capital cost of it's proposed project in Orissa. The management has already appointed various agencies viz. Lead Managers, Registrar, Solicitors, Advisors etc., and has applied to various authorities for getting clearances. The draft prospectus has also been filed with the SEBI for it's approval.

OUTLOOK

Currently, the Ferro alloys business account for nearly 100% of the Company's revenues. The outlook for its margins and profitability for this business depends on overall economic outlook, nationally as well as globally. This company is likely to benefit most from an upturn in the Ferro Alloys business cycle, given its scale of operations and its competitive cost positions.

GLOBAL DOMINANCE

The products of the Company are delivered worldwide and are internationally acclaimed for their premium quality and customization, to suit individual needs of the end-users. Your Company exported High Carbon Ferro Chrome to all major, particularly, quality conscious countries like China, Japan, Korea, Taiwan, Europe, Mexico. Your directors take pleasure in informing you that your company has got the status of One Star Export House in January 2005, and it has also been admitted as a member of International Chromium Development Association, Paris.

DIVIDEND

In spite of steady profit and growth in the terms of profitability and turnover during the year under review, your Directors do not recommend any dividend to conserve the resources for its regular ongoing capital expenditure programs and to strengthen its working capital base.

FIXED DEPOSITS

Your Company has not accepted any Fixed Deposits during the year.

PERSONNEL

During the year under review, industrial relations at all units of the company continued to be cordial and peaceful.
