REVIEW OF OPERATIONS :

Your company has achieved a sales turnover of Rs. 4131.18 Lacs during the year under review which represents a increase of 11.93 % over the previous year. The increase in sales was mainly due to the normal monsoon conditions that prevailed in the areas served by the company. Due to Normal rains the production of single super phosphate saw some growth. However the off-take for single super phoshpate during the year remained sluggish.

Your company's profitability during the year under review was partly improved due to improved realisations in Khariff season. However reduced offtake of SSP during Rabi season, had a adverse effect. Hence the operating performance for the year under review has been partly affected. Your company is confident of maintaining its existing level of perfomance which is expected to be supported by satisfactory monsoon during the year.

DIVIDEND :

In view of need for augmenting the long term working capital requirement and drop in profitability levels during the year under review, your directors are unable to recommend any dividend for the year.

SHIVA FERTILIZERS LIMITED**FUTURE PROSPECTS**

Your company is making continuous efforts for consolidating its market share in the SSP & Mix fertilizer segments.
