Item No 8 & 9

1. The Existing Cumulative Redeemable Preference Shares are 2% Cumulative Redeemable Preference Shares of Rs.10/- each. The words "2% Cumulative Redeemable Preference Shares" binds the company to pay only 2% dividend to the holders thereof which is not commensurate with the prevailing market and far less than the dividend paid to the equity shareholders so far. The fixed rate of 2% dividend will make it difficult to get the subscription for the said shares. Further the words "Cumulative Redeemable" will prohibit the Company from issuing Preference Shares other than Cumulative Redeemable Preference Shares It is therefore proposed to delete the words "2% Cumulative Redeemable" leaving the Board of Directors

to fix the rate of dividend to be paid to the holders of Preference Shares and to decide the class of Preference Shares at the time of issue. After redemption of 2% Cumulative Redeemable Preference shares there is no holder of 2% Cumulative Redeemable Preference shares. The provisions of Section 106 of the Companies Act, 1956 are therefore not attracted.

2. The present authorised capital of the company is Rs. 40,00,00,000. It is proposed to increase the authorised capital of the company to Rs. 105,00,00,000 by creation of 6,50,00,000 Preference Shares of Rs. 10 each in order to enable the company to raise required share capital having different class rights bearing with or without fixed dividend as decided by the Board at the time of issue and also an absolute right to decide all other terms including tenure, redemption etc for augmenting capex and corporate restructuring plans of the company. The power of increasing authorised capital of the company is required to be exercised by the company in General Meeting.
3. The members of the Company through Postal Ballot authorised the Board for the issue of various securities in terms of Section 81 and all other applicable provisions of the Companies Act, 1956 to decide the terms of issue in its absolute discretion and also to decide at the time of issue of securities including but not limited to terms and conditions relating to payment of interest, tenure, dividend, premium on redemption, at the option of the Company and/or holders of any securities, or option(s) for early redemption of securities etc".

Special Resolution is proposed in the interest of the company.

None of the Directors of the Company is concerned or interested in the resolution.

Item No.10

None of the Directors of the Company is concerned or interested in the resolution.

Business :

The past year has been marked by both new horizons and increased volatility. World sugar prices rose to 25 year highs in the first quarter of 2006. The entire industry paradigm is being transformed from a single commodity focus on sugar to a more durable and exciting market which encompasses the buoyant biofuels market. Growing importance of ethanol worldwide as a bio-fuel is driving demand growth. This is still a very early stage in the development of a global biofuel market and we see it growing to the same size as the world sugar industry within the next 6 years.
