REVIEW OF OPERATIONS AND FUTURE OUTLOOK :

During the period under review, the Company has incurred a net loss of Rs. 227.24 lacs. The sales of the Company has improved when compared to the previous year. With the existing conditions of increase in the cost of raw material, Power and Labour your Company could operate at a operating profit position, though it could not earn adequately to cover interest and depreciation, because of the sluggishness in demand and inadequacy of working capital. Your Directors are hopeful of solving the problem of inadequacy of working capital, with the sanctioning of the necessary rehabilitation package by the Board for Industrial and Financial Reconstruction.

Your Directors are hopeful that the Company will be able to recover the outstanding amount from the Debtors in respect of which legal proceedings have been taken for recovery and hence no provision has been made in the accounts. As regards the interest on unsecured loans from Erstwhile Directors, the lenders have given assent for waiver of interest. Hence no provision has been made in accounts.

Since the networth of the Company has been fully eroded, the Company was registered with the Board for Industrial and Financial Reconstruction during the year 2001-2002 . An Operating Agency has been appointed by the above cited Board to furnish the rehabilitation package for the revival of our Company. The Operating Agency has submitted its revival package to the BIFR. Your Company is awaiting the decision from the BIFR. Your Directors anticipate a positive future with the receipt of the suitable rehabilitation package from the BIFR.
