PERFORMANCE

During the financial year under review, your Company recorded almost the same turnover in value term of Rs.158 Crores (Rs.159 Crores). However due to increase in sales of higher value added products, the Company's realization has increased. Though turnover in quantity term at 13904MT was lower in comparison to 14514 MT in the previous year, the average sales realization was Rs.113.17 per Kg. (Rs.109.27).

In terms of profitability the year under review has seen a good turnaround with Net Profit registering five-fold surge at Rs.596 Lacs (Rs.120 Lacs) mainly on account of reduced interest cost due to one time Settlement of dues reached with major secured lenders.

Due to increase in the yarn combing capacity production of combed yarn was 11% more this year than in the previous year. Similarly the production of Knitted fabrics has also gone up by 16% from 1449MT to 1674MT this year. The profitability of the Company would have been much better if the cotton prices had not firmed up and the sales prices dipped in the last quarter of the year under review, combined with appreciation of the rupee.

Your Company, being a 100% EOU, major thrust was placed on expansion of sales in various export markets specifically Europe, US, Canada and other developed Countries. This has resulted in Exports being higher by 8% at 9836MT (9237 MT). Exports at Rs.10286 lacs were better by 6% (Rs.9689 Lacs). The Sales in domestic market were lower at Rs.4068 Lacs (Rs. 5277 Lacs).

The company continued to face working capital constraints during the year. With the completion of process of One Time Settlement with the secured lenders and entry of overseas private investors and their funding support, the company expects the position to improve, as it is hopeful of obtaining sanction of funds from the Banks.

ONE TIME SETTLEMENT OF EXISTING DEBTS

The Board of Directors are pleased to inform the members that with the support of majority of secured lenders and successful negotiation with them, the company has utilized a major part of the subscription received from overseas private investors towards settlement of the existing outstanding liabilities of its 4 secured creditors i.e. Industrial Development Bank of India Limited, State Bank of India, IndusInd Bank Ltd and State Bank of Indore as full and final settlement of their dues under the various agreements executed by and between the company, overseas investors as well as secured lenders. The company has utilized an amount of Rs. 112.03 Crores towards the OTS. The Board of Directors conveys its deepest appreciation to the financial institutions and banks for their unstinted support for all these years as well as in reaching to the One Time Settlement.

OVERSEAS PRIVATE INVESTMENT

The members of the company are aware that after restructuring of its debt the company had initiated negotiations with its major term lenders and banks for One Time Settlement (OTS) of its dues payable to them. The majority of the term lenders and banks welcomed the initiatives of the company for OTS and accorded their consent.

The Board of Directors are pleased to inform that the company has been successful in attracting the funding support from two overseas Private Equity Investors to settle these lenders through OTS. The Company has received all the required approvals for securities issued as above from the National Stock Exchanges and Bombay Stock Exchange, where the shares of the Company are listed and actively traded.

CAPITAL EXPENDITURE

The Board of Directors are pleased to further inform that the Company has already embarked on a capital expenditure plan for value adding machineries and a part of other balancing equipment mainly to increase Yarn Combining Capacity, upgrade the quality

by eliminating maximum contamination in the cotton and saving in the Manpower and Power Cost.

With the additional funding available, the Company is now planning to install other quality & quantity enhancing machines, expected to fuel growth and improve competitiveness.

FUTURE EXPANSION / DIVERSIFICATION PLANS

With a view to keep the pace with ever-increasing competition and further strengthen the growth momentum with profitability, the Company wants to explore all avenues of organic and inorganic growth. Where the Company has plans for an expansion of its spindle capacity to reach the target of 1,00,000 Spindles from current capacity of 68,018 spindles, the Company would like to add required modern machineries also to enter in manufacturing of value added yarn qualities such as Slub Yarn, Compact Yarn and Elitwist Yarn.

All the above measures will help placing the Company on a path of sustained growth with improved margins.

DIVIDEND

In view of the carry forward losses the Board of Directors does not recommend any dividend for the year under review.

MARKETING REVIEW

India has been successful in carving a niche for itself as a strong player in the middle and high value segments of the textile market. We believe that India is moving on the right track to gain entry into major global retailer/outlets and establish itself as a preferred global supplier of textiles and clothing.

Based on huge demand in export markets and better price realizations, the Company continued with its focus on channeling supplies to European and American Markets, with efforts to develop new customers and new markets in export with higher realizations.

FUTURE OUTLOOK

India is in a unique position to take advantage of the post WTO situation. After abolition of the quota system, as the textile sector integrates increasingly into the multilateral trading system, the Indian textile industry will undergo a massive resurgence. As a result, the recent globalization efforts of the textile industry will bear fruits resulting in growing requirements for outsourcing in textiles. To respond to the emerging opportunities companies have undertaken massive capacity expansion, which is expected to result in rapid top line growth in coming years and improve the profitability of units responding speedily. Considering the current market trends Indian market share in textile and garments to all the developed countries is expected to double from the current level in next 3 years.
