MANAGEMENT DISCUSSION AND ANALYSIS REPORT

Overview of Indian Economy:

India has emerged as the fastest growing major economy in the world as per the Central Statistics Organisation (CSO) and International Monetary Fund (IMF). The Government of India has forecasted that the Indian economy will grow by 7.1 per cent in FY 2016-17. As per the Economic Survey 2016-17, the Indian economy should grow between 6.75 and 7.5 per cent in FY 2017-18. The improvement in India's economic fundamentals has accelerated in the year 2015 with the combined impact of strong government reforms, Reserve Bank of India's (RBI) inflation focus supported by benign global commodity prices.

India's consumer confidence index stood at 136 in the fourth quarter of 2016, topping the global list of countries on the same parameter, as a result of strong consumer sentiment, according to market research agency, Nielsen.

Moody's has affirmed the Government of India's Baa3 rating with a positive outlook stating that the reforms by the government will enable the country perform better compared to its peers over the medium term.

OUR INDUSTRY: Overview of Real Estate Industry

Real Estate as a sector is the second largest employer, after agriculture and constitutes almost 6% of our GDP. In India, urbanization is the biggest growth driver for real estate, which is fueled by growth in business environment in the country and it is estimated that around 10-12 million people getting urbanized annually. Further, the government is backing the sector with several initiatives like a push to develop 100 cities into smart cities, initiatives like “Housing for all by 2022” for a growing population in both urban as well as rural India backed by both financial and regulatory support for the buyers and developers. By 2022, real estate and construction sector in India is expected to generate 75 million jobs & emerge as the largest employer in the country. In a falling interest rate scenario with the GDP of the country growing at the fastest pace among the major economies and an easy business environment which is being pushed by the government to bolster the “Make in India” initiative, the demand for assets across the sector may see gradual revival in the next

1-3 years.

The sector is broadly classified into three segments viz. Residential, Commercial and Retail-Malls. There are 8 major real estate markets in the country, with Mumbai, NCR and Bengaluru being the top cities, followed by Pune, Hyderabad, Chennai, Kolkata and Ahmedabad.

The residential real estate segment is fragmented by nature with dominant regional players and very few developers having a pan-India presence. Commercial real estate and Retail real estate segment has fewer players which hold most of the quality office and retail spaces which ensures transparent transactions and accountability in the business for investors and buyers/leasers alike compared with the residential segment.

The real estate sector is headed for greater transparency, and accountability after the introduction of Real Estate Regulation and Development Act, 2016 (RERA) and various other regulatory and policy initiatives. Sources of funds to the cash-starved sector have recently witnessed innovation with introduction of structured products through CMBS, REITs, PE funding etc.

Regulatory changes and policy initiatives for the real estate industry

The real estate industry witnessed introduction of regulatory changes and policy initiatives in order to transform it into an organized, transparent, accountable and investor-friendly sector. Lack of long term funds has been the biggest impediment for the sector which could not be fulfilled by banking institutions owing to regulatory restrictions of the Central bank. Some of the regulatory changes and additions between 2014-16 are as follows-

- Real Estate Investment Trusts (REITs): One of the most transformational changes which have been brought in to make the entire sector more transparent and investor centric. Apart from the fact that REIT would let small investors buy into the real estate asset class at a much smaller ticket size, REIT gives large portfolio investors the chance to exit from investments, which makes Indian real estate market favorable for more investments from global investor community. Additionally, Budget 2016-17 exempted dividend distribution tax (DDT) on special purpose vehicles (SPVs). Rules for REITs were relaxed, and the investment cap in under-construction projects was raised from 10% to 20%. Currently, around 229 m.s.ft. of office space can be seen as REIT compliant. - Real Estate (Regulation & Development) Act 2016: RERA, was passed by the Parliament in March 2016. States have to implement the bill within one year from the time it was passed. This bill is primarily aimed at bringing in,
