### PERFORMANCE

During the year under review, your company achieved ever highest Total Income of Rs. 396.65 Lacs as against the previous year's Total Income of Rs. 184.40 Lacs recording a smart increase of more than 110% over previous year's Total Income. However the profit is lower for the year ended is 6.03 Lacs in compare to previous year's Net Profit of 11.41 Lacs, due to show down of Business of Lease and Hire Purchase. Keeping in view the tight money market and depressed market condition, your Directors deem it fit to conserve resources and as such withhold declaration of Dividend for the year under review.

### PROSPECTS

Due to depressed industrial activities, most sectors of the economy have experienced a slow-down in demand and this has resulted in a liquidity over-hang in the financial system, Further the margins too came under pressure with increased competitive activity in a stagnant market. Having regard to the present economic scenario in Asia and Political uncertainty and Industrial slow-down in the country, the prospects in the current year appear to be no better and are expected to show an upturn in the following years only.

The Company diversified the activities by forming a partnership firm, where the firm got the Authorised Dealership of Kinetic Engg. Ltd., Pune, for Indore Region, the performance of the firm will be reflected in the following years.
