REVIEW OF OPERATIONS

The decrease in quantum of cane crushed, uneconomical prices for sugar and power coupled with high sugarcane price had adverse impact on the financial results of the Company.

SUGAR DIVISION

The quantum of sugarcane crushed at various units of the Company during the year 2013-14 is as under:

Name of the Units	Cane crushed (in tonnes)
Sakthinagar :	7,61,395
Sivaganga :	4,10,435
Modakkurichi :	1,48,341
Dhenkanal :	3,33,651

During the year under review, 1.47 lakhs MT of sugar was produced by the Company. There is substantial reduction in production as compared to the previous year due to reduced level of cane availability owing to drought condition.

DISTILLERY DIVISION

During the year under review, 277.01 lakh litres of industrial alcohol was produced at Sakthinagar Distillery Unit and 77.32 lakh litres at Dhenkanal Distillery Unit.

SOYA DIVISION

22,780 tonnes of soya bean was crushed in the soya plant during the year under review. This division had exported products worth Rs.2454.90 lakhs to various countries.

CO-GENERATION DIVISION

The total power generated in the co-generation plants during the year was 1614.96 lakh units out of which 944.89 lakh units of power was exported to Tamilnadu Electricity Board.

FUTURE OUTLOOK

The outlook of Indian Sugar Industry continues to be bleak. Sugar industry, the last one to be freed though not fully from Government regulations, is yet to get adjusted to the market equilibrium.

The sugar season 2014-15 may end in surplus production over consumption on all India basis and as such the realization on sugar may not improve without Government initiatives. The incentive announced by the Central Government for export of raw sugar is a step in the right direction to reduce the surplus. The steps intended to be taken by the Central Government like increase in duty on import of raw sugar and interest free loans for payment of arrears of cane will definitely help the industry to look up. It is hoped that appropriate measures will be taken by the Government for the survival of the dwindling sugar industry.

The Company expects a marginal drop in the quantity of cane crush during the current year as compared to the previous financial year. The drop in cane crush will have impact on the performance of the distillery and co-gen division due to reduced availability of molasses and bagasse.

The Company continues to be under the Corporate Debt Restructuring Scheme with respect to restructuring of its secured debts availed from Banks/Financial Institution. Since servicing of the loans from most of the Banks have become irregular/Non-performing assets, the Company has approached the CDR Forum for a second re-schedulement of the repayment terms.

DEPOSITS

The Company has not accepted any deposit from public during the year under review. At the end of the financial year, 7 deposits amounting to Rs.1.15 lakhs (including interest) which were due for repayment remained unclaimed on their due dates.

CORPORATE ACTION

During the financial year under review, the Company has issued and allotted 5,94,05,940 equity shares at a price of Rs.30.30 per share on preferential basis to A B T Limited, a company belonging to the Promoter Group, against the sum of Rs.180 crores brought in by that company, in terms of the Corporate Debt Restructuring Scheme approved by the CDR Empowered Group. This amount has been utilized for repayment of loans and payment of interest to banks as envisaged in the CDR package. After this allotment the Company has become subsidiary of A B T Limited.

A draft Scheme of Arrangement with the holders of FCCB (Series B) for settling their over dues aggregating to USD 15.6 million has been approved by the Board of Directors and necessary applications have been made to Stock Exchanges for approval as required under Listing Agreement. This Scheme is subject to the approval of the stock exchanges, SEBI, RBI and shareholders and bond holders of the Company, and sanctioning of the Scheme by the High Court of Judicature at Madras.

The Board of Directors at its meeting held on 14th August 2014 has approved voluntary delisting of the equity shares of the Company from Madras Stock Exchange for the reason that the said Exchange has submitted application to SEBI for voluntary exit as a Stock Exchange. Necessary application will be made by the Company to Madras Stock Exchange in this regard. The equity shares of the Company continue to remain listed on Bombay Stock Exchange and National Stock Exchange.
