## CERTIFICATE 2020

This certificate is awarded to the company named below to mark its inclusion in the 2020 International Cranes and Specialized Transport IC50 top list. The IC50 lists the world's top crane-owning companies ranked using the total load moment rating in tonne-metres of the cranes in a company's fleet.

Awarded to:

***Sanghvi Movers***

Position: **5**

Editor: Alex Dahm, June 2020

**Dear Sanghvi Stakeholders,**

I am honored to once again communicate with you after being elevated to Managing Director in 2019.

Sanghvi Movers Limited (SML), Asia and India's largest crane rental company has now been ranked as the **fifth** largest in the world by IC50, June 2020 rankings.

In the H2 of FY 2019, before the onset of the COVID-19 pandemic, India's GDP growth had begun to shrink. The country's infrastructure sector started feeling the effects of the slowdown and major projects began to stall. The real GDP growth rate was 6.1% in FY 2019 and seems to have fallen to 4.2% in FY 2020. In the current financial year, FY 2021, the RBI has stated that India's GDP growth will remain in the negative territory. The COVID-19 national lockdown washed out all economic activity in the last week of March 2020.

The infrastructure and core sectors, as a whole, are facing significant headwinds. Notwithstanding the same, your Company has strived to improve its performance and below are a few vital areas in which your Company has delivered better results:

**Financial Performance for FY 2019-20**

Your Company has achieved a turnover of Rs. 322.87 Crores (FY 2019: Rs. 282.40 Crores) and thereby registering a top line growth of 14% in FY 2020. SML achieved an average capacity utilization of 72% in FY 2020 (FY 2019: 58%). The increased utilization has been the result of a deliberate strategy shift and consequently the average blended yield has decreased. In FY 2020, the leadership team was singularly focused on improving EBITDA and SML has achieved a year-on-year 14.5% improvement in the EBITDA margin.

Despite the ongoing challenges, SML has continued to service its debt on time. Your Company has repaid term loans of Rs.119.26 Crores during the financial year 2020 including pre-payment of term loan installments of Rs. 28 Crores due in FY 2021. The debt-to-equity ratio has come down to 0.43:1 in FY 2020 (FY 2019: 0.61:1). Looking forward, the term loan instalments due in FY 2021 are Rs. 93 Crores and your Company is confident about meeting these liabilities through internal cash accruals and partly through asset monetization.

**Looking forward during uncertain times:**

SML has moderate visibility going forward and the order book in the current year is supported by addition of new clients and order wins across a few of our major revenue sectors. Your Company has a secured order book of Rs. 135 Crores and is cautiously optimistic about its financial performance in FY 2021. The secured order book has been supported in the current year by improved deployment of cranes in projects outside the renewable wind energy sector. Furthermore, given the 10,000 MW of new capacity addition awarded by SECI and state

power utilities, wind installation will witness a positive recovery over the next 12-18 months. This recovery will most certainly face some delays in H1 of FY 2021 due to the ongoing global pandemic. Your Company may see revenue growth in the H2 of FY 2021 if the renewable wind energy sector is able to deliver the imminent capacity addition.

With intermittent lockdowns, delayed projects, migrant labour issues and a nationwide liquidity crunch, your Company is focused on safely servicing customers through these turbulent times. The lockdowns and work-from-home scenario has given the management bandwidth to deploy structural reforms throughout your Company and these initiatives will start bearing fruit in the coming quarters. The changes are both strategic and long term in nature and will have an impact in the future on our margins and cost structure.

At the start of the FY 2021, the economy has been in either partial or complete lockdown for the first 60 days. However, with our dominant market position, trust of our loyal customers, and faith of our bankers and shareholders, your Company is best poised to emerge from the global pandemic as a more robust company.

### **Staying Safe:**

We remain confident that, over the long term, our continued efforts will enable SML to surpass the global pandemic and build on its existing foundation. We request all our stakeholders to stay safe and look forward to your continued support.

With Warm Regards,

**Rishi Sanghvi**

Managing Director
