MANAGEMENT'S DISCUSSION AND ANALYSIS

The past one year has been of a great significance to Sankhya primarily driven by some of the strategic steps we have taken to foster rapid growth in our business. Sankhya's strategy to remain focused and serve knowledge market segments with specific products and services has begun to yield excellent results. Sankhya's investments in domain knowledge in the fields of transportation, defence, manufacturing and energy have been recognized by the industry. The growth in future is expected to be robust and rapid as products and services of Sankhya are fully stabilized and are implemented at various customer locations. Customer satisfaction has been achieved in many challenging industries such as defence and energy.

Review of the years' performance:

- ❖ We have focused on implementation of some of our products during this current year.
- ❖ We have won several repeat contracts from existing customers.
- ❖ SILICON™ suite of training and simulation products have now begun fully operational in Indian Navy, Emirates Airlines and would become an excellent examples for repeat business.
- ❖ The Income of the company has gone up by 18% during the year compared to previous year.
- ❖ The Expenses of the year have gone up by 14% compared to previous year.
- ❖ Profit before tax of the company has gone up by 41% and profit after tax is 38%. The reason for the same is introduction of Fringe Benefit tax by the Government of India newly and Income Tax on the domestic income of the Company. The company has not paid any tax during the year 2004-05 as there was no domestic income.

Future Development:

- ❖ The company for the first time in the past 6 years has raised its equity base that supports rapid implementation of its strategic plans.
- ❖ The company has inducted two new Board Members who have excellent industry experience and have been successful in transforming upcoming companies into industry leaders with their farsighted strategies and plans.
- ❖ The company has appointed several strategic solutions for rapidly increasing business in US, UK and in Europe.
- ❖ The company has appointed senior sales and marketing personnel with proven track record in similar industry.
- ❖ The combination of key members on the Board, strategic plans, proven products and an excellent sales team will propel the company to grow rapidly in the future.
- ❖ The demand for software in the areas of transportation, defence, energy and manufacturing is rapidly growing due to rapid growth in the industry and Sankhya is positioned to tap these opportunities.

Competition:

- ❖ The company is fully geared to face normal market competition both from domestic as well as international companies.
- ❖ In order to further establish key differentiators between the competitors and us, we have taken steps to engage industry leaders as Consultants to guide us to stay ahead of competition.
- ❖ Recent industry trade shows participation has demonstrated that Sankhya is ahead of its competitors in terms of features and product line.

Risks:

- ❖ Global economic situations and strength of US economy establish the key factors of risk that the company is likely to face.
- ❖ The company has spread its risks from aviation sector to other modes of transport, defence, etc. However, sectoral risk analysis shows that the major geopolitical situations could affect the prospects of the company.

Internal Controls:

- ❖ The company has put in place well documented policies, organization structure, predefined authority levels, adequate internal controls. IT infrastructure is secure and is of the state art.
- ❖ The internal audit system is empowered to examine the adequacy, relevance and effectiveness of control systems, compliances with policies, plans and statutory requirements. The Top management and the members of the Audit committee of the Board review the findings and recommendations of the internal audit panel.
