3. OPERATING RESULTS AND PROSPECTS

The year under review has perhaps been of the most difficult ones in the Company's history. Economic slowdown in the country continued. In this scenario your Company was able to earn a total income of Rs.167.23 lacs, as against Rs. 204.67 lacs earned during the previous year. However, the Export performance during the fiscal 1998-99 was the highest ever of Rs. 1821.80 lacs as compared to Rs. 827.81 lacs during the previous year.

The next few years will be challenging for the Company and will call for the exercise of hard options to ensure competitiveness and infact long term survivability. Several measures are under consideration and specific action in the areas of cost reduction and increased productivity have already been initiated. While the present times have been difficult there is a good reason to believe that there will be continuous growth in the industry, increased and consistant demand for the Company's products in the international Market.
