EXPLANATORY STATEMENT PURSUANT TO SECTION 173(2) OF THE COMPANIES ACT, 1956 ATTACHED ALONGWITH THE NOTICE DATED 21ST AUGUST, 2007.

Item No.4

The company intends to expand its present business activities. In order to meet the additional requirements of funds it is anticipated that the present Authorised Share Capital shall be insufficient. It is, therefore, proposed to increase the Authorised Share Capital of the Company from present Rs.7,50,00,000/- to Rs.10,00,00,000/-. In order to raise the Authorised Share Capital of the Company, approval of shareholders is necessary pursuant to Section 94(1)(a) of the Companies Act, 1956, and is thus being sought. This requires shareholders' approval by passing an ordinary resolution through resolution at item No.4. None of the directors is concerned or interested in the resolution.

Item No.5 & 6

The increase in Authorised Share Capital of the Company, as proposed in Item no.4 would require an amendment in the Capital Clause of the Memorandum of Association of the Company and that of Articles of Association of the Company by passing the special resolutions as proposed at items no.5 & 6 above. None of the directors is concerned or interested in the resolution. The documents mentioned in this para are open for inspection by the members during business hours on any working day.

The expansion plans of the Company are in full swing and it is expected that Company would need additional funds for the same. The Board of Directors has proposed that the shareholders may allow borrowing from time to time any sum or sums of money which together with the money already borrowed by the Company (apart from temporary loans obtained from the bankers of the company in the ordinary course of business including the cash credit limit) not exceeding in aggregate at any one time Rs. 500.00 Crores irrespective of the fact that such aggregate amount of borrowing outstanding at any one time may exceed the aggregate for the time being of the paid up capital of the Company and its free reserves, that is to say, reserves not set apart for any specific purpose. The resolution at item no. 7 is intended to seek the approval of the shareholders for the said purpose.

Resolution at item no. 8 is intended under section 293(1)(a) of the Companies Act 1956 authorizing the Board of Directors to create charge on the properties of the Company subject to limit of Rs. 500.00 Crores at any one time by way of security towards monies so borrowed by the Company from Bankers and others.

None of the Directors of your Company is interested, either directly or indirectly, in the said proposal. The Directors recommend your approval thereof

MANAGEMENT DISCUSSION AND ANALYSIS

Financial Review

Satin Creditcare Network Limited (SCNL) is one of the category 'A' Non Banking Financial Companies (NBFC). It has reported satisfactory financial and operating performance during the period under review i.e. 2006-2007. The financial disbursement during the year has been Rs. 4248 Lacs (Previous Year Rs. 1993 Lacs). The Gross Income during the year has been Rs.589.92 Lacs (Previous Year Rs.289.33 Lacs). Depreciation during the year has been higher at Rs. 8.79 Lacs (Previous Year Rs. 5.39 lacs). The net profit after tax during the year has been at Rs. 24.40 Lacs (Previous Year Rs. 13.82 Lacs). SCNL's net worth stood at Rs. 541.94 lacs (Previous Year Rs. 517.85 lacs) showing a growth of 4.65%. The Company plans to concentrate only on Non Banking financial activities during the current financial year.

Resources and liquidity

During the year, the company relied upon Banks, Financial Institutions and Corporates for its resources. The Company enjoys an overdraft limit of Rs. 500.00 lacs from ICICI Bank Limited. The Company has received term loans from ICICI Bank Limited, HDFC Bank Limited, Standard Chartered Bank, Yes Bank Limited, UTI Bank Limited, Small Industries Development Bank of India, HDFC Limited, Maanaveeya Holdings & Investments Private Limited and The Bellwether Microfinance Fund Private Limited for its microfinance operation which is the main activity of the Company. The Company has good repayment track record with all its lenders. The credit rating of the Company has been upgraded to **ALPHA- "representing High Safety and good systems"** by Micro Credit Ratings International Limited (MCRIL) and hence the Company is quite hopeful of raising the required funds for achieving the budgeted growth. The liquidity position of the Company is comfortable and Debt: Equity ratio of the company as at 31.03.2007 is 5.74.

Industry Scenario

The microfinance sector is witnessing steady growth in the country. There has been significant progress in terms of expansion across regions and outreach. With the growth, the sector is witnessing increased diversity in terms of operating models, legal forms, regional imbalances etc. The growth trend is also observed in terms of outreach and outstanding of the MFIs. Unlike previous years' the MFIs have started focusing on urban poor and individual lending models. The lending to poor is part of the priority sector lending and hence the banks and other financial institutions are willing to lend to MFIs for on-lending for microfinance. Most of the financial needs of the poor are met from family sources, neighbours and informal lenders at an abnormally high rate of interest. Off late a part of the same is met by the Micro Finance Institutions (MFIs). Microfinance industry shall be finally responsible for filling the financial void. Thus there is a great challenge ahead for the industry.

Business Review

Satin Creditcare Network Limited (Satin) is a leading urban Microfinance Institution, registered as Non Banking Finance Company with the Reserve Bank of India since its inception in 1990, based in Delhi (Northern India) engaged in providing loans to poor in urban and semi urban area for primarily meeting their productive needs. The Company pioneered the unique concept of daily collection schemes. Small amount of loans are provided to individual borrowers and the repayment is collected from them in small daily installments. The economically weak borrowers find this small repayment on daily basis as a convenient mode of repayment out of their daily sales/ income. Satin has a time tested self sustaining individual lending model.

The Company has a mission to provide affordable finance to low income individuals, tiny businesses for meeting their productive requirements to enhance their revenue generating capacity and to generate direct and indirect employment for such people. The Objective of the Company is to provide micro credit for productive activities to very small, small and medium entrepreneurs specially those who don't have access to funds from any financial institution in the organized sector, which could augment and increase their income generating capacity, working in urban and semi urban areas and thus to increase the shareholders worth. The complementary objective of the Company is to provide employment and healthy working atmosphere.

The Company continued its micro financing policy by financing to small borrowers. The Company has thoroughly and continuously been pursuing its strategy of financial deepening. The Company disbursed Rs. 4248 lacs as against Rs. 1993 lacs showing a growth of 113%. The majority of Company's funds are deployed in retail financing and the future receivables under the financing contracts as at March 31, 2007 are Rs. 2,447.51 lacs (Previous Year Rs. 1,241.30 lacs).

Opportunities

With the globalisation of economy and continuous growth in the GDP of the country, the growth prospects for small and medium business enterprises have also prospered. In future the same trend is likely to continue. However, majority of such small business entrepreneurs and individuals are still not in the reach of the retail banking industry. This is a great opportunity for smaller and medium MFI's having local and regional penetration. SCNL is well placed to identify such entrepreneurs and individuals and to provide them with convenient financing. SCNL is primarily focused on Individual Urban Microfinance in northern India. As against the individual lending model, a substantial part of the Indian Microfinance is concentrated as Self Help Group (SHG) model and is primarily concentrated in rural area. SCNL is primarily focused on Individual Urban Microfinance in northern India. Hence SCNL has a great opportunity ahead.

SATIN CREDITCARE NETWORK LTD.

Challenges

The entire NBFC sector faces competitive pressure from the banking sector, which enjoys access to lower cost financing. The spreads in the lending business have also narrowed.

SCNL's strong financial position, comfortable capital adequacy, liquidity and adoption of prudent business policies, association with leading financial institutions have enabled it to perform consistently and post satisfactory performance despite these competitive conditions.

Outlook

SCNL plans to broad base its product line to include financing of more products and also to expand geographically. The Company has expanded geographically in parts of Haryana, Uttar Pradesh, Rajasthan and Punjab during the current year besides covering the entire Delhi. The Company is in the process of starting a group lending model for the urban slum dwellers.

Risk & Concerns

SCNL is exposed to risks like volatility in the Indian economy, change in government policies, falling interest rates, competition from the banking sector, volatile economic cycle, market risks and credit risks. SCNL manages these risks by maintaining a conservative financial profile and by following prudent business and risk management practices.

Adequacy of internal controls

SCNL has proper and adequate internal controls to ensure that all activities are monitored and controlled against any unauthorised use or disposition of assets and that all the transactions are authorised, recorded, reported and monitored correctly. The Company works in computerised environment and all its operations including accounts and MIS are electronic.

SCNL ensures adherence to all internal control policies and procedures as well as compliance with all regulatory guidelines.

An audit committee is in place to review and strengthen the adequacy of internal control.
