Chairman's Message

IN THE
MIDDLE OF
DIFFICULTY LIES
OPPORTUNITY.

**ALBERT
EINSTEIN**

Dear Shareholders,

With the continuous efforts of the Government for ease of doing business, the constitutional amendment bill passed by both the houses of Parliament, paving way for the most awaited Goods and Service Tax bill, enactment

of Real Estate (Regulation and Development) Act and other major reforms, would result in the positive impact on the Indian economy and the real estate sector in coming years.

The process of various socio economic reforms pushed by the Government, will result in GDP growth to 7.20%, and is one of the fastest growing economy in the world. As this will result in spur in the consumer demand, and will eventually benefit the real estate industry.

Over the past several years, the Board has overseen the firm's evolution and growth. The Board strives continually to take a proactive approach to ensure that the appropriate structures and processes are in place to facilitate independent and effective oversight of operations, capital deployment, strategic growth initiatives and risk management practices. Subdued property price growth expectancy and booming financial investment alternatives have weakened the investment rationale for property, thereby keeping investors away. On the other hand, for end users, high property prices and low income growth continue to be the top concerns. For the road ahead, we believe steady enquiries mainly in the affordable and mid-segment is likely to bring back fence sitters. Falling interest rates coupled with the introduction of Real Estate (Regulation and Development) Act, 2016 are expected to stimulate end user demand due to the Developer's accountability, commitment, discipline & transparency.

Howsoever, despite of all the adversities during the year under review various ongoing projects gained momentum. During the financial year 2015-16, your company achieved turnover of ₹ 86 crores. That was increase of 149% as compared to the previous financial year due to increase in performance activities. Also, going forward various existing projects are gaining momentum, which will help company to generate the desired growth in terms of revenue and performance.

Your company has recently unveiled one of its prestigious residential project, spread over free hold land admeasuring 5560 Sqmetres in Matunga, CR Mumbai, having a development plan of 3 to 4 years. The management is committed to its expansion plans over a period of 5 years that will ensure unlocking the potential value of the projects, thereby creating wealth.

I extend thanks to my fellow directors for their ongoing commitment and our dedicated and hardworking employees who have enabled your company to hold its head high even in these challenging times. On behalf of the Board, I would also like to thank you, our shareholders, for your support. We remain committed towards sustained wealth creation, reduced finance cost and increased efficiency.

Regards,

PRAFUL N. SATRA
