EXPLANATORY STATEMENT IN RESPECT OF THE SPECIAL BUSINESS PURSUANT TO SECTION 173 (2) OF THE COMPANIES ACT, 1956

Item No. 4

Company's shares are presently listed at The Calcutta Stock Exchange Association Ltd., Kolkata & The Stock Exchange, Mumbai.

The Stock Exchange, Mumbai is having nationwide trading terminals thereof the Members of the Company have access to online dealing in the company's shares across the country through the said Stock Exchange. Trading volume in the Company's shares at The Calcutta Stock Exchange Association Ltd., Regional Stock Exchange is negligible, as apparent from the following datas :-

Period From	To	No. of Shares Traded	No. of Trades	% of total Paid-up Capital of the Company
1.4.1999	31.3.2000	2900	3	0.09%
1.4.2000	31.3.2001	1800	8	0.06%
1.4.2001	31.3.2002	300	2	0.01%
1.4.2002	31.3.2003	1600	3	0.05%

Considering the trading volume as above, it does not justify the payment of listing fee to the Regional Stock Exchange. Delisting of the Company's Equity Shares from the regional stock exchange will not adversely affect the Members/Investors, since the Company's shares will continue to remain listed on The Stock Exchange, Mumbai. The proposed delisting from Regional Stock Exchange is in pursuant of Securities And Exchange Board of India (SEBI) (Delisting of Securities) Guidelines 2003.

The Board of Directors at its meeting held on 30th May, 2003 recommends the requisite resolution under Item No. 4 for acceptance by the Members.

None of the Directors of the Company may be deemed to be concerned or interested in this Resolution except to the extend of their shareholding in the Company.

OPERATION

Production and sales have been maintained. The company produced 2.84 Lac sheets and sold 2.99 Lac sheets during the year under report as against 2.76 Lac sheets (produced) and 2.88 Lac sheets (sold) in the previous year.

MARKET AND FUTURE PROSPECTS

Due to overcapacity and stiff competition, the ceramic tableware industry, main buyers of our decals, have been operating under extreme pressure for the past several years. Conditions had worsened after opening up of the economy and better quality imports from Sri Lanka and other Asian countries. To meet the challenge, the local manufacturers have now started offering more designs in higher priced segment. This is expected to benefit the company, which specializes in gold decals.

One of our good clients in North India is now regularly exporting coffee mugs to U.K., once the leading supplier of bone-china to the world, and to other countries like Canada, Australia, etc. They are in the process to further increase their capacity for exports. The demand for quality decals is expected to rise and your company is well poised to meet such demand.

Your directors, however, wish to point out that the seven year sales tax exemption hitherto enjoyed by the company has come to an end in the current year. The Company is now required to charge sales tax on its sale of decals. This can neutralize some of the expected gains, but overall the results are expected to improve.

To further improve the profitability from its operations, the company has decided to offer value added end products in the ceramic tiles segment. Tile borders and designer tiles decorated with screen printing, transfers and hand painted effects are proposed to be produced and sold through a dealers' net work.

TRADING ACTIVITIES

Trading activity, started in the previous year has been continued. Addition of decorated borders and designer tiles is expected to add to overall profitability of the company.

AUDITOR'S REPORT

All the items on which, cements have been made by the auditors in their report to the shareholders self explanatory, as explained by way of notes to the accounts.
