MANAGEMENT PERCEPTION AND ANALYSIS

Operating results for the period, market and future prospects have been discussed in the Directors' Report. A further overview of company's business by the management with a discussion on the company's areas of strength and weakness, the opportunities that are available and the threats and concerns that are being experienced is given below.

The Company has been engaged in production and sales of ceramics transfers (decals). Its production facilities are located in Bahadurgarh Town of Haryana near Delhi.

The Company has been producing decals for the principal manufacturers of bone – china tableware, most of whom are located in close proximity. This has enabled the company to have a direct principal to principal relationship with the buyers and has helped the company to establish itself as a high quality manufacturer of decals in Northern India.

However the prices for decals are not very remunerative due to competition from small scale manufacturers. Decals making technology has become well developed within the country. There are many small manufacturers making reasonably good quality transfers at very low prices. Production capacity of the plant is not very large in real terms and at prevailing prices, it is very difficult to see beyond breakeven in decals manufacture as several of the small scale competitors have developed same capacity as of the company at very low cost. To that extent the value of plant and machinery installed by the company has got eroded. Accordingly in their extra ordinary general meeting held on 29-12-03 the members of the company decided to write off the losses and erosion of assets and resolved that, subject to approval of Calcutta High Court, the capital of the company be reduced from Rs.315.92 lacs to Rs. 126.37 lacs.

The limited nature of decal business has been a matter of constant concern for the directors and they have been on the look out for a suitable opportunity and means to augment the company's income. The Company, during the year under report, extended its operations and established a new Designer Tiles Division which got tile borders and designer tiles decorated and made to company's designs by outsourcing and offered them in the market. The results have been encouraging. The company intends to install its own facilities for on line printing of ceramic tiles and also install a gas fired kiln for firing of decorated tile products in the current year.

The use of decorated tile products has been increasing in recent years and has been established as the usage pattern and trend, whereby border and motif matches are demanded by the customer along with the basic tiles.

Due to its long experience in ceramic designing and printing and having its own production of ceramic decals, the company has a major advantage over the competitors in designer tiles segment. There is a good opportunity for the company to use its specialization, earn profits and build brand image in the years ahead.

Risk and Concerns

Under a Notification published under Land Acquisition Act, areas of land in several villages, including the land belonging to the company on which the company's factory stands, were notified by the Govt. of Haryana for acquisition ostensibly for the purpose of setting up an industrial zone. Although the Company has been able to obtain a stay order in the matter on the ground that the factory was constructed by the company after duly obtaining a permission for change of land use for industrial purposes from the Town and Country Planning Dept. of the Govt. of Haryana, the case challenging the proposed acquisition is pending with Punjab High Court. Until the case is disposed of in company's favour, it would remain a matter of concern for the directors.

Internal Control Systems

Regular audit of systems and accounts of the company is carried out by the Internal Auditors and it is ensured that internal control systems are adequate and reliable and there is proper compliance of all regulations and obligations. With increase in transactions on account of sale and purchase of tiles, outsourcing contracts and finished and plain-stocks at various levels, the company has decided to upgrade its computer systems and link the computers in various departments through networking, so that all data necessary for an effective internal control and analysis are available at various levels of management.

Human Resources and industrial relations

The company continues to have excellent relations with its staff and workers who have been trained and continue to be trained to acquire and develop the skill needed for the various jobs.

DIRECTORS' REPORT

To the members

Your Directors have pleasure in presenting their Twentieth Annual Report together with the Audited Accounts of the company for the financial year ended 31st March, 2004.

ACCOUNTS	31.03.2004 Rs. / (000)	31.03.2003 Rs / (000)
Gross Profit for the year under Review	5065	3742
Less : Depreciation for the year	2412	2358
Profit for the year	2653	1384
Less : Provision for income tax	205	98
	2448	1286
Add : Loss brought forward from the previous year	(6256)	(7543)
Loss carried to balance Sheet	(3808)	(6256)

DIVIDEND

Your Directors do not recommend any dividend for the year under review.

OPERATION

Production and sales of ceramic decals have improved during the year. The company produced 3,65,873 sheets during the year against 2,83,606 in the previous year. Sales improved from 2,98,940 sheets (Rs.205.53 lacs) last year to 3,60,401 sheets (Rs. 238.86 lacs) in the year under report.

MARKET AND FUTURE PROSPECTS

As reported last year, the company had decided to enter the value added segment in ceramic tiles industry. During the year under report, the company established a new Designer Tiles Division which got tile borders and designer tiles decorated with screen printing, transfers and hand painting made to company's designs by several vendors on job work basis and offered them in the market. The response has been good and encouraging and as a second step the company has decided to put up its own facilities for printing, decoration and firing of designer tiles in the current year.

The working of Ceramic Transfer Division has also seen an improvement during the year. The sales tax exemption having been completed was no longer available. This was offset due to improved business. The positive trend is likely to continue.
