|                   | • The domestic demand of passenger version of 3-wheelers driven by availability of permits                                                                                                                                                                                                                                                                                                                          |
| (iii)             | Scooters India Limited has been a pioneer in bringing out various models of 3-wheeler running on petrol, diesel, electric and gas for application as both passengers and loa carrier versions. Company has played an important role in popularizing of 3-wheelers of larger capacities in the country.                                                                                                              |
|                   | The introduction of Vikram CG-1500 model of 3-wheeler has contributed significantly to th sale in 2006-07. The company continues to be leader in passenger carrier (6+1) segmer of vehicles and has a share of 49.94% in 2006-07 as against 31.20% in 2005-06. Wit various cities legislating in favour of CNG/LPG vehicles, the company has greared itse to introduce new products on CNG/LPG mode during 2007-08. |
|                   | It is expected that demand for 3-wheeler shall continue to be buoyant during the year 2007-08                                                                                                                                                                                                                                                                                                                       |
| (C)               | Resources and Liquidity :                                                                                                                                                                                                                                                                                                                                                                                           |
|                   | The Cash Flow constraints due to cash losses could be managed due to reduction of Sundr<br>Debtors from a level of Rs. 24.61 crores as on 31.3.06 to Rs. 8.66 crores as on 31.3.200<br>(i.e.) a reduction of Rs. 15.95 crores. Further, enhanced working capital borrowing we<br>finalized with Banks to take care of increasing working capital requirements.                                                      |

8

For and on behalf of the Board

P. Muthusamy Chairman-cum-Managing Director

Place : Lucknow Date : 24<sup>th</sup> August, 2007

## **ACCOUNTING POLICIES**

Annexed to and forming part of the Accounts

## 1. SYSTEM OF ACCOUNTING :

- (i) Basic assumptions :
- The accounts have been prepared under historical cost convention on accrual basis and as per applicable Mandatory Accounting Standards.
- (ii) Going concern :

Accounts have been prepared on the principle applicable to a going concern.

(iii) Use of Estimates :

The preparation of financial statements requires management to make certain estimates and assumptions that affect the amounts reported in the financial statement and notes thereto. Differences between actual results and estimates are recognized in the period in which they materialize.

## 2. DEPRECIATION :

Premium on leasehold land is amortised over the period of lease.

- Depreciation on other fixed assets is charged on straightline method in accordance with rates prescribed in Schedule XIV to the Companies Act, 1956 as amended from time to time, except.
  - (a) Plant, Machinery, Equipment and Jigs & Fixtures costing individually Rs. 5000 and below are depreciated fully in the year of purchase.
  - (b) In case of tools where estimated useful life is greater than five years but less than ten years, depreciation is charged @ 20% as was being done prior to introduction of Schedule XIV.

Depreciation is not provided on assets which have been declared surplus and are not in use. These are distinctively shown under other Current Assets at net realisable value.

## 3. INVENTORIES :

- (i) Raw materials, components, stores & spares, tools, consumables and other stocks are valued at cost (net of CENVAT) determined on FIFO Basis. Scrap and disposable goods are valued at estimated realisable value.
- (ii) Stock-in-trade is valued at lower of cost or realisable value.

- (iii) Work-in-progress is valued at cost. Where the jobs are in progress their conversion cost is taken at 50% of the standard cost regardless of the stage of completion. Completed jobs pending inspection are valued at cost or realisable value whichever is less.
- (iv) Customs duty on bonded material is allocated to the cost of goods and equipment.
- (v) Expenditure on stationery, uniform, medicine etc. are charged off to revenue at the time of receipt. But the stock remaining at the year end are credited to the revenue account at cost and shown as closing stock.

## 4. FIXED ASSETS :

- (i) Fixed Assets are stated at original cost and are inclusive of all expenses to bring them to a state of use.
- (ii) Land is valued at original cost.
- (iii) The cost of the leasehold land is amortized over the lease span.
- (iv) The tools manufactured departmentally costing individually Rs.5000 and below are accounted for as revenue expenditure under relevant natural heads.
- (v) Construction period expenses exclusively attributable to projects are capitalized.
- (vi) Borrowing cost directly attributable in relation to acquisition, construction of assets that takes substantial period of time to get ready for its intended use are capitalised as part of the cost of such assets upto the date where such assets are ready for intended use. Other borrowing costs are charged as expenses in Profit & Loss Account in the year in which they are incurred.

## 5. INVESTMENTS:

Investments are valued at cost. However, in case of permanent diminution in the value of investments, suitable provision is made in the books of accounts.

## 6. CENVAT

Cenvat credit on eligible Revenue / Capital purchase is taken on receipt of such materials.

## 7. PROVISION FOR REDUNDANCY/OBSOLESCENCE :

A general provision for redundancy is made at 0.5% of the value of closing inventory of raw materials and components, stores and spares excluding finished goods, W.I.P., gasoline in petrol pump, medicines, materials in bond and under inspection. Wherever necessary,
