V Profit/(Loss) after Prior Period Adjustment (Carried to Balance Sheet)	117.93	(149.51)

02. OPERATION & FINANCE:

Your directorshad reported in their last Report that the Commercial Vehicle Industry was undergoing metamorphous changes towards meeting globe standards particularly in the area of euro emission norms and higher load carrying capacity for better economies. Your Compnay switched over to production of HCV clutches under Foreign Technical Collaboration in fag-end of the previous accounting year meeting the requirement in this changed market scenario and geared up fully in year under review resulting in improved results as stated above. The Company has also undertaken under the said arrangement development / production of other clutches during the last quarter of the year under Report. The increased per unit sales realisation, effective cost control and result oriented measures introduced in process engineering and operating systems, have helped us in keeping under control the cost in absolute terms despite doubling the turnover.

Your Company is Sick Industrial Undertaking in terms of Section 3 (1) (0) of Sick Industrial Companies (Special Provisions) Act, 1985, (SICA, 1985). The Modified Scheme approved by the Board for Industrial and Financial Reconstruction (BIFR) is in operation. The review of operation under the Scheme including revising repayment within the present Scheme period is on hand with the Operating Agency / BIFR. The Company has been in the meantime meeting its commitments as per the said suggested repayment schedule.

**03 PROSPECTS :**

The year 2001-2002 was the first full year of production under foreign technical collaboration. The company has accomplished stabilization of the production process meeting the quality to international standards under technical collaboration in short period. The results are as was planned. The Company has initiated action for expansion of its domestic OEM market with the new products. An opportunity has now also emerged to enter the global market for the Company's finished products which will be in addition to the present component exports. This will help the Company broad basing the market as well as give a better market stability. Thus expansion of domestic market and export of clutches and components will be Company's thrust area. Our focal point of action plan will encircle better understanding to service the needs of our customers, making manufacturing process more efficient and constant quality improvement. Company has strengthened the manufacturing capacity, quality testing and handling system to cope up the needs. Further investment is planned during the year to ramp-up the same to sufficiently meet the emerging market requirements. The trend of improved working results is continuing in the current year. The order book position for domestic supply as well as export is satisfactory.

General assessment is that the Commercial Vehical Segment in Auto Industry having direct relation to overall economic growth has comparatively better future. This will further get momentous with the Government policy plan of infrastructure development and quadrupling the major national highways. Your Directors are very much conscious in taking all the possible steps to improve overall operation, cost reduction and control, improving efficiency of capital and men power employed in our business and thereby delivering the better results.

04. FIXED DEPOSITS / DEBENTURES :

During the year under review, your Company has not accepted any fresh deposits. As at date, the fixed deposits with accrued interest aggregating Rs. 1,60,274 remaining to be discharged at the year end has been met, Current interest due for the year is paid fully. No Claim for repayment of deposit has remained in arrear. Revising repayment schedule for deposits and redemption of debenture along with accrued interest is being considered by the Operating Agency / BIFR. The Company has been in the meantime meeting the payment in this area as per the said schedule being considered for revision.
