ANNUAL REPORT 2002-2003

DIRECTORS' REPORT

TO

THE MEMBERS

The Directors submit herewith the Annual Report together with audited statement of accounts for the year ended March 31, 2003.

FINANCIAL RESULTS

The Directors are pleased to report a turnaround in the operations of the company due to cost reduction measures undertaken by the company. The Gross Surplus for the year amounts to Rs. 10.41 lacs against Rs. 4.49 lacs for 2001-2002. After including Rs. 1.87 lacs for gains from trading against Rs. 0.32 lacs loss for the year 2001-2002, providing Rs. 0.17 lacs for financial charges (2001-2002, Rs. 0.22 lacs), Rs. 3.55 lacs for depreciation (2001-2002: Rs. 3.80 lacs), and Rs. 1.11 lacs for taxation for the current year (2001-2002 Rs. 0.43 lacs), the surplus for the year is Rs. 7.11 lacs. Deducting Rs. 1.40 lacs for deferred taxation, and adding to this the negative balance in the profit and loss account brought forward from the previous year, the net negative balance of Rs. 4.37 lacs is carried forward to the balance sheet.

From 1990-91, for nine consecutive years the company progressively increased output during which time it made reasonable profits after paying income tax, paid off all debt, started paying dividends, de-bottle-necked the plant, and accumulated some liquidity. This year, we have seen slightly higher production as our plant. The central government has given a marginal net excises reduction on bisuits. perhaps in recognition of a hygienic, highly cost-eficeint nutritional product of mass consumption, made from wheat of which the country has surplus and which it seeks to export without value addition and at a loss. One can only hope that under the leadership of Mr Jaswant Singh, the Finance Ministry will further reduce excise duties on such a product and the states will follow suit with a reduction in sales taxes.

DIVIDEND

Due to the negative balance in the profit and Loss account, the Directors do not recommend any dividend

SHAH FOODS LTD.

for the year under review. Dividend prospects for the current year depend on the job work orders placed on us by Britannia Industries Limited.

PERFORMANCE OF THE COMPANY

The company produced 2743 metric tonnes of biscuits, as against 2682 metric tonnes in the previous year. (Target given by Britannia Industries Ltd. for FY 2002-03 was 2774MT & for FY 2001-02 was 2913MT.)

Britannia Industries Limited has not granted any increase in conversion charges since 1994; indeed Shah Foods Limited continues to request Britannia to reimburse increase in direct costs as a result of power from April 1, 1995, but so far there is no response.

OUTLOOK

The company has requested to Britannia to increase production volume for viability of the company. Britannia has acceded to our request and increased production volume from May 2003 onwards for a short period.

DIRECTORS' RESPONSIBILITY STATEMENT

Pursuant to Section 217(2AA) of the Companies Act, 2000, the Directors state as under.
