L.K. Sharma

Dated: 29.10.2007

Company Secretary

#### **DIRECTORS' REPORT**

Your Directors have pleasure in presenting the 12th Annual Report of the Company and the Audited Statement of accounts for the year ended 30th June, 2007.

#### FINANCIAL RESULTS

In Rs. lacs

		Financial year ended 30.06.2007	Financial year ended 30.06.2006
a)	Sales:	5938.61	4106.83
	Export	3095.15	3027.41
	General	2843.46	1079.42
b)	Profit before Intt.& Depreciation	794.68	522.55
c)	Interest & Financial Charges	318.34	193.78
d)	Depreciation	120.31	77.35
e)	Profit before Tax	356-03	251.42

#### DIVIDEND:

Considering the profit earned by the company during the year under review your Directors have pleasure to recommend dividend @ 10% (Rs.1/- per equity share of Rs.10/- each) for the year ended 30th June 2007 subject to the approval of shareholders in the ensuing Annual General Meeting. Under the Income Tax Act, the receipt of dividend is tax free in the hands of the shareholder.

#### **OPERATIONS:**

During the year under review the total turnover has increased from 4106.83 Lacs to Rs. 5938.61 Lacs showing a growth of 44.60%

Profit before Tax of the Company for the year under review has also increased from Rs. 522.55 lacs to Rs.794.68 lacs showing a growth of 52.07%.

#### **FUTURE OUTLOOK:**

In the present scenario requirement of water is increasing rapidly due to the fast urbanization, development in industries and agriculture. This situation has created extra demand for water pumps/submersible pumps. Your company has introduced energy efficient pumps in domestic as well as in foreign markets the company's product have been tested and found saving energy up to 40%.

With special quality of energy saving, your company has recorded its presence in the world market with export to more than forty countries. Prominent among the said countries are Turkey, Egypt, U.A.E., Spain, U.S.A., Singapore, Greece, Indonesia, Netherlands, Germany, Poland, Switzerland, Kenya, Philippines, France, Italy, Morocco, South Africa, Saudi Arabia, Iraq, and Australia.

Shakti Pumps (India) Limited is poised to generate escalated revenues and profitability during the current year with increased installed production capacities and developing domestic market networking of the company.

The company has also decided on a strategy to establish direct presence once market is matured and opportunity is large. This will improve margins and will create brand equity. The company has taken a step in this direction by setting up its subsidiaries in Australia and Turkey.

The company is looking to expand its present distributorship network by adding more distributors. It is identifying newer opportunities in market like Middle East where it has found that its products can find a wider application by little modifications in the features as per requirements.

The company is moving ahead for expansion of its activities as per the policy decision of the company. The Stainless Steel submersible Pumps are well acceptable in international market as well as in domestic market because of awareness of the people about saving of electricity which is main feature of our product. The company is increasing its export every year by exploring new international market for its products.

#### **SEZ Division**

The company aimed for setting up a new project in SEZ Pithampur with installed production capacity of 200000 submersible pumps to expand its manufacturing and business activities with a view to cater exclusively the demand of the company's products in the international market through this division of the company under its expansion plan-Phase I. Though, installation of plant and machineries and its development process is still continuing, the division has started its first production on 16.03.2007 as trial production. It is expected the division will start working in its full capacity soon.

#### Unit III

For expansion of manufacturing capacities for energy eifficient submersible pumps and to set up manufacturing facilities for stainless steel motors and other uses permitted by applicable rules and regulation, the company acquired land admeasuring 48832 sq. meter with built up area of 11890 sq. meter inclusive of 3 factory sheds amenities and facilities and staff residential premises at Plot No. 401, 402, & 413 situated at Industrial Area, Sector III, Pithampur, Dist. Dhar (M.P.). The division has started its production. The installed production capacity of the unit will be 200000 Pumps & 200000 Motors per annum.

The company will expand tool room capacities and will develop dies and tools to support the proposed expanded capacity.

#### Installation of SAP Software

The company has installed the SAP accounting software to connect all manufacturing units and offices. It is expected, having installed SAP Accounting software optimum efficiency and productivity will be achieved which will make overall functioning smooth.

#### Subsidiaries

To expand the business and increase export the company set up two wholly owned subsidiaries in Turkey and Australia in the year 2006. We also plan to increase its direct presence in 10 more countries in coming years.

- 1. Shakti Pumps Tur Pompa San. Ve Dis Tic. Ltd. Sti. Exploiting the available business opportunities in the region, developing business contacts as well as distribution networking, and generating demand of submersible pumps for escalating the business of submersible pumps. The subsidiary is involved in trading activities of submersible pumps manufactured by the company.
- 2. Shakti Pumps (Australia) Pty Ltd. Brooklyn Vic—Exploiting the available business opportunities in the region, developing business contacts as well as distribution networking, and generating demand of submersible pumps for escalating the business of submersible pumps and involved in trading of submersible pumps manufactured by the company.

#### Long Term Resources

**FCCBs** 

During May 2007, your company raised US\$6.5 million from the international market through the issue of Foreign Currency Convertible Bonds (FCCBs). The 1.50% coupon convertible bonds have a tenor of five years and are convertible into equity shares at an initial conversion price of Rs.180/-. The bonds are listed on the Singapore Stock Exchange. The proceeds of the issue are being utilized in expansion of manufacturing capabilities for stain less steel submersible pumps and to set up manufacturing facilities for stainless steel motors.

#### Issue of convertible Warrants

The company had issued 1500000 convertible warrants to promoters and a body corporate as on 12.12.2006 out of which 200000 warrants have been converted into equity shares of the company up to 30.06.2007. Remaining 1300000 convertible warrants are expected to be converted into equity within stipulated time period.

The proceeds of convertible warrants and subsequent issue of equity shares are being utilized in setting up of new production units.

	Rate/Unit	Rs.	4.86
b)	OWN GENERATION FROM DIESEL GENERATOR		
	Purchase Unit	Nos.	3676
	Total Amount	Rs.	14300.00
	Rate/Unit	Rs.	3.89
c)	CONSUMPTION PER UNIT OF PRODUCTION		
,	Production	Nos.	41946
	Per Unit	Rs.	65.79

#### FOREIGN EXCHANGE EARNING AND OUT GO: D.

Foreign exchange earned : Rs. 3231,92 lacs Expenditure in foreign currency : Rs. 14.74 lacs

For and On behalf of the Board of Directors

(M. L. PATIDAR)

Chairman

Place: Pithampur Date: 29.10.2007

# MANAGEMENTS' DISCUSSION AND ANALYSIS REPORT

#### INDUSTRY STRUCTURE AND DEVELOPMENT **(i**

The industry is registering a good growth in the submersible pumps, the main product of the company. Several orders for supply of energy efficient submersible pumps are expected from various State Governments/ Government Agencies and from the customers of foreign countries.

Efforts are being taken for increasing awareness for energy efficiency through dealers net work.

#### OPPORTUNITIES AND THREATS ii)

There is significant change in the outlook compared to last year. The company with increased installed production capacity continues to enhance opportunities for growth by focusing in introduction of innovated upgraded existing products/ energy efficient submersible pumps. The company faces the normal threats, risks concerns, which are associated with competition from local and overseas manufacturers.

#### SEGMENT WISE PERFORMANCE:

The company has only one segment namely Submersible Pumps.

In current year the company is confident of growing much faster in comparison to economy & agriculture looking to the present level of response and orders and increased installed production capacity.

The Company's outlook on overseas markets and domestic market are positive on account of its strength on technology, cost, power saving.
