Turnover & other Income	1873.00	2028.61

Less: Interest	75.81	66.39
Cash Profit	(322.52)	(126.02)
Less: Depreciation & Amortization	172.55	216.69
Extra Ordinary Items	(28.89)	38.72

The turnover for the previous year relates to 15 months and hence, on prorata basis there was an increase of turnover by 15%. The capacity utilisation during the year is much below the normal level in the range of 47%. Company is still having idle capacity which could not be utilised due to non sanction of working capital facilities by SBI; in one go it was agreed in the joint meeting of all its lenders held on Dec'04. The affect of waiver of dues have been also given under extra-ordinary items.

INDUSTRY SCENARIO

The domestic demand of cement is growing at healthy rate. The export demand has also picked up. The over supply situation is already over and the industry is heading towards short supply over demand. This has translated to higher selling prices. Massive investments are coming up in Orissa as per MOU signed by State Govt. with various companies. This will increase the demand in coming years.

DIVIDEND

In view of losses and further requirement of working capital funds, your directors do not recommend any dividend for the year.

FINANCE

The restructuring proposal furnished by the Company to all its lenders was approved in Dec'04. The individual sanctions were received in this year except from SBI. Due to delay in sanction and release of working capital by SBI, company has already submitted an Alternative Business Plan and awaiting their approval. Unfortunately, the pending sanction from SBI is the only bottleneck for revival/turn around.
