The company has been making a provision towards the payment of gratuity liability in its books of account as per the provisions of the Payment of Gratuity Act, 1972. Similarly, liability towards leave encashment is being provided for encashable leave due to the employees on the basis of last salary drawn. Accounting Standard (AS) - 15 "Accounting for Retirement Benefits in the Financial Statements of Employers" issued by the Institute of Chartered Accountants of India, states that the liability towards retirement benefits should be ascertained and provided for on the basis of actuarial valuation. Further, it requires that the company should make contribution to a trust fund or insurer for this purpose. The circumstances of the company so far do not permit it to bear expenses for an Actuarial Valuation and contribute to a trust fund from the already scarce sources of funds. However, your Directors are hopeful that with the improving position of the company, steps will be taken to comply with the relevant provisions in the future.
