### NET SALES/INCOME FROM OPERATIONS

The net sales/income from operations decreased by about 13% over previous year mainly because of decreased unit realization and volume.

### PROFIT FROM OPERATIONS

Profit from operation has turned negative at ₹ 891 lacs as against profit of ₹ 4597 lacs in the previous year. The composite impact on this front by ₹ 5488 lacs during the year under report has adversely affected the bottom line. Main factors attributable for these upheavals are:

- Lower volume of Cement sales coupled with heavy reduction in net realization.
- Increase in Raw material cost by more than 16% over previous year,
- Increase in Packing cost by 12%, Logistic cost by more than 9% and repairs to plant and machinery and other repairs by about 8%,
- Heavy negative impact on account of foreign exchange loss towards coal import, and
- Inconsistency in plant operations resulting in high operating cost.

There has been considerable savings of about 16% and 13% on power and fuel cost in respectively in comparison with the previous year. However the same was more than eaten away by hefty increase in all round cost escalation coupled with lower sales realization as stated above.

### OTHER OPERATING INCOME

Other operating income includes dividend on mutual funds and interest on various deposits.

### EXCEPTIONAL ITEMS

During the year under report, the Company had introduced Voluntary Retirement Scheme -2013 ("VRS Scheme") elaborated under the notes forming part of the financial statements. 135 employees had opted for the benefits of this separation scheme resulting in an over- all pay out of ₹ 1415 lacs, appearing under this head.

### TAX EXPENSES
