“MSME plays vital role to develop Indian economy.”

Dear Shareholders,

I am delighted; it's a very special feeling for me to share few words with you. It is a great a privilege, an honour at the same time, a great responsibility as the Chairman of the Board of RR Metalmakers India Limited (which previously was known as Shree Surgovind Tradelink limited). And I thank you for your trust and support. As you know our company is in the field of steel trading and we are entering an important new growth era: poised to reach new pivotal milestones.

Friends we are defining RR Metalmakers India Ltd. through hard work and innovation. RR Metalmakers India Ltd. isn't just about the here and now; it's also about how our contribution will be remembered in the future. We are not just shaping the future – we are also making history. The past year we saw more growth and customer satisfaction ever before. Our major focus was on expansion and to secure our competitiveness.

Globally, our ambition is to be the leading metal product manufacturer and supplier. With this vision of expansion, we have entered into manufacturing sector and have acquired a unit (capacity of 1000 metric tonnes of production a month) located at Sabarkantha, Gujarat. We have started producing ERW pipes, which is the biggest industrial product and supporting material for the entire industry. It is environment friendly product and is in huge demand in various industries as they are substitute for wooden and plastic goods and are of the lowest cost, weight and good durability.

Friends' time is such a precious and limited resource, yet often we neglect or abuse it. We have to put things right, growth and comfort does not coexist. Sabarkantha unit will function on the shift basis to increase its production capacity and to manufacture other steel products. The products of this unit will take care of the huge demand from the states like Rajasthan & Gujarat.

I have always believed that we can and are making biggest impacts on people's lives.

RR Metalmakers India Limited is diversifying into pharma sector and in my opinion; it is in good direction for its value and future growth of the Company. RR Lifecare Pvt. Ltd. is the wholly owned Subsidiary company of M/s. RR Metalmakers India Ltd.

Good pharma plant is need of the hour. So, RR Lifecare Pvt. Ltd. is created to serve people and caters to human needs. As Pharma products from India are in huge demand across the globe and Indian government has announced attractive export incentives.

RR Lifecare Pvt. Ltd. is setting up a pharma formulation injection plant at Wada, District-Palghar, Maharashtra to manufacture injection products like Vial, Ampule, Pre-Filled Syringe and Dental Cartridge. The Company has appointed highly expertise consultant M/s. Topes Process Solutions Pvt. Ltd. to do the job. The said factory plant is approved by FDA and the required land for the factory has been purchased. The Company is setting up the project as per European FDA Standards

The plant formulation investment is approximately 50 Crore (Indian Rupee) which would be managed by its holding company, RR Metalmakers India Limited.

RR Lifecare Pvt. Ltd. is a profit making company, its product care for human lives at the same time preserve environment.

Friends, consider the things that still divide our society. Economic growth has the incredible ability to make us all equal. I believe we can and will make a real positive contribution to the economic and social wellbeing of this country. The example needs to come from the companies like ours. I know how tough it is to access ourselves but through inspection and reflection, we can determine the weakest links of our ideas and processes. We must not forget to pause, examine, and work more effectively.

At RR Metalmakers we make sure that never to lose sight of the humans behind the machines, whether they're your workers or your target market.

Dear shareholders, I hope that you all are satisfied with the performance of your investment in RR Metalmakers India Limited. We will continue our winning spree with your love and valuable support.

I thank you my dear shareholders and thank my dear fellow executive board members. And wish you every success and all the best for the future!

Stay Inspired

(Chairman of the Board of RR Metalmakers India Limited)
