2. FINANCIAL PERFORMANCE

The Financial performance of the Company for the year 2008-09 is indicated below :

Particulars	(Rs.000 Omitted)	
	2008-09	2007-08
Gross Income	19041	35551
Less : Expenditure excluding Interest, Depreciation & prior period and Extraordinary items	20547	37552
Profit / (Loss) before Interest, Depreciation & prior period and Extraordinary items	(1506)	(2001)
Interest	7500	9707
Profit / (Loss) before Depreciation	(9006)	(11708)
Depreciation	30283	31182
Profit / (Loss) before prior period and Extraordinary items	(39289)	(42890)
Prior period and Extraordinary items	0	0
Net Profit / (Loss) before provision for Taxation	(39289)	(42890)
Provision for Taxation	0	0
Net Profit / (Loss)	(39289)	(42890)

During the year, the company incurred cash loss of Rs.9,006 thousands. (previous year Loss of Rs.11,708 thousands). After providing for depreciation amounting to Rs.30,283 thousands (previous year Rs.31,182 thousands), the total loss for the year stood at Rs.39,289 thousands (previous year Rs.42,890 thousands).

The Company had become virtually a debt free Company during the year 2007, after all term loan and working capital liabilities of your Company were fully paid off under the One Time Settlement (OTS) deal. In April, 2009, your Company cleared off the Unsecured Loan to the extent of Rs.8.30 crores by transferring some unutilised land at Kakinada. With this, your company is now truly a debt free company.

Your Company had earlier been denied the Sales Tax Incentives though the same were rightfully due to the Company. Your Company had preferred an appeal before the Sales Tax Appellate Tribunal, A.P. (STAT) and the matter was disposed off in our favour in June, 2009 with a direction from the STAT that the incentives are due to the Company and the Commercial Tax Officer should revise the assessments from 1998 - 1999 onwards taking into account the incentives. This would be a great relief to the Company as it would be able to write off substantial Sales Tax liability which appears in the Books of Accounts.

With the above, the Company would have no Secured or Unsecured Loans except to the extent of Security deposit from the dealers.

Future Outlook :

As you are aware, the Company had been badly let down by the Government of India who did not honour its commitments given to the private sector LPG Industry.

As was informed earlier, your company had tied-up / further tying up arrangements with both Multi National (MNC) LPG Companies as well as Public Sector Oil Companies for sharing its infrastructure with them which had generated revenues to your company, but when their infrastructure facilities were completed they pulled out. All out efforts are being made to get in Companies which would like to avail our infrastructure facilities.

Your company is exploring all avenues to enhance its revenues through optimum utilization of its infrastructure, disposing off idle assets where not required.

MANAGEMENT DISCUSSION AND ANALYSIS

SHRI SHAKTI LPG LIMITED (SSLPG) is engaged in the business of LPG marketing. The management discussion and analysis given below discusses the key issues concerning the LPG industry in general and SSLPG in particular.

Industry Structure and Developments :

LPG marketing was the monopoly of the Government Oil Companies who had piled up a huge waitlist. The Government of India in 1993 permitted the private sector participation with a commitment that the subsidy enjoyed by the Government Oil Companies would be removed in a phased manner in the next few years. It had also committed that the commercial and industrial LPG markets in India would be reserved exclusively for the private sector, till the subsidy withdrawal in the domestic sector is completed. None of the promises were implemented as a result of which all the private sector companies were unable to run the LPG business on a profitable basis due to the total absence of the level playing field.

The Government of India even failed to implement its G.O. Ms. No.224 dated 27th November, 1997 wherein the Government committed phased withdrawal of subsidy on LPG over a period of 3 years ending with March, 2001. This was subsequently shifted to end of March, 2002. Because of Government's failure to honour its commitments as above and the consequent absence of level playing field, the entire private sector industry was badly affected and became loss making. Later, the Ministry of Petroleum issued a notification stating that the subsidies on LPG and Kerosene will be removed in a phased manner by the year 2007 only. However, the same is yet to be implemented.

SSLPG were the pioneers in the field of LPG marketing and established large integrated infrastructure to carry LPG from dock (Port) to the door of customers, which consisted of dedicated port facilities, large storage terminals, network of bottling plants and distribution and marketing networks. Your company was able to do well from the commencement of commercial operations in 1995 till 1999 and became profitable. Infact your company emerged as the country's largest private sector LPG Company. However, due to abnormal rise in crude oil prices during 1999 to 2000, the international LPG prices also shot up. Despite the big spurt in sourcing costs, it was not possible to proportionately increase the prices due to competition with the Government subsidized gas by virtue of which the company incurred losses. This was further aggravated in the subsequent years due to the growing disparity in the prices between the private LPG operators and the PSU Oil Undertakings, on account of non-removal of subsidy as mentioned earlier. Because your company's dedicated customer base was much larger, it had to suffer greater losses as more sales meant more losses. In spite of the difficult times, the company built a strong brand image viz., SHAKTI GAS which is still quite popular.

SSLPG entered into LPG Auto Field market and developed for the first time patented technology for converting the 2 stroke engines of both 3wheelers and 2 wheelers to run on LPG in collaboration with Automotive Research Association of India (ARAI). In June - 2007, SSLPG received two patents jointly with ARAI for the above. The Government of India which agreed in principle to permit LPG as auto fuel, took a very long time to enact the legislative amendment. The highly potential auto fuel market which was to open by 1998, was not available till recently due to delay in finalization of norms by the Government and setting up of adequate number of LPG dispensing stations.
