**Dividend**

Your Directors do not recommend any dividend for the year ended 30th June, 1998 on account of operating loss in the current year.

**Year in Retrospect**

The year under report witnessed highly volatile stock index movements. The stock markets declined sharply with indices dropping over 20% in the past 12 months. The slow down in economic activities, and the doubts on political stability as well as the melt down in some of the Asian economies may be the causes for this phenomena. Your Company, operating in the capital market, was also naturally affected by these adverse conditions which is reflected in the performance of the schemes of the Fund under its management.

The securities and Exchange Board of India (Mutual Funds) Amendment Regulations, 1998 which was notified on 12th January, 1998 prohibited the existing Asset Management Companies from launching or managing new schemes unless the minimum networth criteria of Rs.10 crores is attained by them. On the one hand, these new restrictions prevented the Company from launching new schemes so as to add on to the assets under its management and thus, becoming operationally more viable. On the other hand, the redemption of units of some of the existing schemes progressively is expected to shrink the size of the corpus under management which would have an adverse impact on the earnings of the Company by way of management fees.

The compulsory lock in of the units of the scheme Tax Guardian 95, an ELSS Scheme, was lifted effective 1st April 1998 and the Scheme was kept open for repurchases from that date. As common in ELSS Schemes, there was an initial heavy rush for redemption of units. The Fund has also been honouring redemption requests of Risk Guardian 95 Scheme. As on 31st December, 1998, the Fund has redeemed 5710255 units of Tax Guardian 95 Scheme involving Rs. 524.22 lacs and 1072950 units of Risk Guardian 95 Scheme involving Rs.88.52 lacs. As a consequence thereof, the total assets under management, as on 31st December, 1998, has fallen to Rs. 3631.08 lacs from the initial Corpus size of Rs. 4360.31 lacs.

**Outlook**

The industry players have been channalising increased amount of time, effort and resources for investor and intermediary education. The new Mutual Fund Regulations have ushered in extensive disclosure and transparency norms. These factors have contributed to a significant change, for the better, in investor perception of the Mutual Fund products. The investors have now started looking at mutual funds as an alternate avenue of investment to protect their capital from the effects of inflation.

## SHRIRAM ASSET MANAGEMENT COMPANY LTD.

Though there have been recessionary trends in the country's economy, India still remains as one of the few countries among the emerging markets with positive GDP growth. An economic turnaround is expected in the later part of 1999.

The impetus given by the Regulatory Authorities for trading in Demat segment and the consequent advent of depositories have been a major structural change in the market. The index futures, which is expected to be a reality in the near future would bring in wide ranging transformation of the equity market and would also give depth to the capital markets.

Your Company would certainly take advantage of the changing market conditions at appropriate time so as to be competitive in the industry.

### Issue of Optionally Convertible Preference Shares

In order to meet the minimum capital adequacy of Rs. 10 crores stipulated for Asset Management Companies, your Company issued 400000 Optionally Convertible Preference Shares of Rs.100/- each (OCPS) for cash at par on Rights basis to the existing equity share holders in the ratio of one OCPS for every fifteen equity shares held by them. The issue opened and closed for subscriptions on 9th July, 1998 and 5th September, 1998 respectively.

The issue was fully subscribed to and the allotment of the OCPS was done on 13th October, 1998 in consultation with the Regional Stock Exchange, The Stock Exchange, Mumbai. The OCPS have already been listed with the Stock Exchanges of Mumbai and Chennai.

### Directorate

In accordance with the provisions of the Companies Act 1956 and the Articles of Association, of the Company, Mr. K.R. Rajagopalan retires by rotation and is eligible for reappointment.

Mr. S. Alagappan, in order to facilitate his appointment as an independent trustee of Shriram Mutual Fund, resigned as a Director with effect from 28th May, 1998. However, the Securities and Exchange Board of India declined to permit his appointment on the Board of Trustees of Shriram Mutual Fund as an independent trustee on the ground that one year has not elapsed from the date he ceased to be a director on the Board of the Company. The Board has, therefore, reappointed Mr. Alagappan as an Additional Director with effect from 20th November, 1998.

In order to broaden the base, the Board, Mr. R. Sridhar was also appointed as an Additional Director with effect from 28th August, 1998.

Pursuant to the provisions of the Companies Act 1956, Mr. S. Alagappan and Mr. R. Sridhar would hold office only upto the date of the ensuing Annual General Meeting. They are eligible for reappointment as Directors of the Company and the Company has also received notices in writing from a Member proposing their candidatures for the Office of the Directors whose period of Office are liable to determination by retirement by rotation.

Mr. D.A. Gadgil, due to his pre-occupations, resigned as the Managing Director of the Company and his resignation as the Managing Director was considered and accepted by the Board at its meeting held on 7th January, 1999. Mr. Gadgil, however, continues to be a Director on the Board of the Company.

### Personnel

During the year under report, the Company has not employed any person who was in receipt of remuneration in excess of the limits specified under section 217(2A) of the Companies Act, 1956 read with the Companies (Particulars of Employees) Rules, 1975.

### Information as per section 217(1)(e) read with the Companies Disclosure of Particulars in the Report of the Board of Director(s) Rules, 1988.

#### 1. Conservation of Energy

Your Company, being an Asset Management Company, acting as an investment manager, has not consumed energy of any significant level.

#### 2. Technology Absorption.

Considering the nature of business, there is no technology absorption for the year under review.

#### 3. Foreign Exchange Earnings and Outgo:

During the year under report, the company has earned and expended foreign exchange as under :

Foreign Exchange earned	—	Rs. Nil
Foreign Exchange outgo	—	Rs. Nil

**Fourth Annual Report****Projection v/s Performance**

	Projection as per Letter of Offer dated 22.09.1995 (for the year ended 30.06.1998)	(Rs. in Lacs) Actuals (for the year ended 30.06.1998)
Gross Income from operations	600.00	108.15
Profit/(Loss) Before Tax	500.00	(25.23)
Net Profit/(Loss) after Tax	300.00	(25.23)

The Capital Market in the country throughout the year was in a bearish phase for the second year in succession which saw marked decline in the investors' interest in Mutual Fund Schemes. As a consequence thereof, the Investment Schemes floated by your company on behalf of Shriram Mutual Fund did not evoke investors' enthusiasm as originally envisaged. As a result, the income of your company by way of Management Fees which is in direct correlation with the assets managed by it did not reach the expectations. Besides, the change in the method of calculation of Management Fees as stipulated by Securities and Exchange Board of India (Mutual Funds) Regulations, 1996 also affected the earnings of the Company by way of Management Fees.

**Auditors**

M/s. K.S. Aiyar and Co., the Statutory Auditors, will retire at the ensuing Annual General Meeting of the Company and are eligible for reappointment.

**Appreciation**

Your Directors take this opportunity to place on record their appreciation for the continued support from the company's bankers, Stock Exchange Authorities, Securities and Exchange Board of India and by the employees of the company at all levels for the all round progress of the company.
