Dear shareholder

2009-10 was a year of incredible challenge for businesses all over the world. We were faced with an extremely tough business climate. Sicagen was not immune to the effects of the downturn, but with robust business plans and with the commitment and dedication of the entire Sicagen team, we crossed the turnover of INR 500 crore.

Sales and service revenues rose by 22% to INR 514.10 crore from INR 421.48 crore a year ago; operating income was up by 35% to INR 8.32 crore from INR 6.18 crore.

The global economic situation has been improving as we move along fiscal 2010. International trade and global industrial production have been recovering noticeably. This is an important turnaround after the free fall in world trade, industrial production, asset prices, and global credit availability which threatened to push the economy into the chasm of a great depression in early 2009.

With an increase in domestic demand and focus on housing and infrastructure development, we are confident of navigating through the economic uncertainty successfully. We are positive that our prospects will improve considerably.

As we stand firm in our commitment to growth, we express our deep appreciation to our shareholders, customers, dealers, suppliers, employees, and business partners for their continued support and co-operation.
