## DIRECTORS' REPORT

Dear Members,

Your Directors have the pleasure in placing before you their 65th Report together with audited statements of account of your Company for the year ended 31st March 1999.

**FINANCIAL PERFORMANCE:**

We feel satisfaction in reporting to this august house that the Company has surpassed all the previous financial performances and has achieved significant improvement in the performance of its business and profitability. The year has been closed on a happy note which is evident from the following data:-

	(Rs. in lakhs)	
	<u>Current Year</u>	<u>Previous Year</u>
Profit before providing for depreciation	2845.88	2026.93
Less: Provision for Depreciation	413.98	290.70
Profit before tax	2431.90	1736.23
Less : Provision for Income-tax	780.00	450.00
Distributable profit	1651.90	1286.23

**DIVIDEND :**

Taking into account the financial performance of the year ended 31st March 1999 and the prospects of the current financial year, your Directors recommend a dividend of 27% on the increased equity share capital of Rs.3,85,70,180/-(after issue of Bonus Shares) of the Company. As compared to last year, the dividend is higher by 15.50% as the Bonus Shares have been issued during the year in the ratio of 1:2.

The total dividend payable on the increased capital will come to Rs.1,04,13,949/-, which will be paid out of the above distributable profits. The balance distributable profits of Rs.1547.76 Lacs is being transferred to General Reserve.

The provision for the dividend is being made on the total Share Capital of the Company as on date. However,

the Company has offered the Buy-back of shares to the extent of 3,57,018 shares, which process will complete before declaration of the dividend by the shareholders. The dividend on the shares, which will be offered & accepted by the Company in terms of the Buy-back Scheme, will be reverted back to the General Reserve Account.

**SUGAR FACTORY:**

The manufacturing results of the Sugar Factory for Crushing Season 1998-99 as compared to last Crushing Season are as under:

	<u>Season 1998-99</u>	<u>Season 1997-98</u>
Gross working days	185	181
Cane Crush (Qtls.)	86,88,282	89,76,017
Sugar Recovery (%)	9.72	10.37
Sugar Produced (Qtls.)	8,44,156	9,30,709

The average recovery is slightly lower than the last year due to the very low sugar contents in the cane in the early part of the season due to water logging in the fields as a result of late rains.

**DISTILLERIES:**

In our last report, it was reported that the State Government has realized the problems of the Distilleries and took some corrective steps. This has resulted into better capacity utilisation of the Distilleries. The production of your both the Distilleries in the current financial year has been 1,47,01,283 BL as against 1,18,76,161 BL in the previous year. The improved plant performance coupled with tie up arrangements made by the Management for the production of Indian Made Foreign Liquors have given boost to the financial performance of the distilleries and, therefore, they have been able to make a good contribution to the profitability of the Company.

It is, however, regretted that the State Government has again reversed its Policy of Excise Duty structure from the start of current financial year which has placed the U.P. Distilleries again in the financial hardship. The sale price of Country Liquor at the U.P. Warehouse has also been slashed by the Government ignoring the fact

## SIR SHADI LAL ENTERPRISES LIMITED

that the cost of molasses is even higher than the previous year. The U.P. Distilleries are now fighting for their survival and to stay competitive in the national market because of the higher rate of Excise Duty in U.P. as compared to the neighbouring states.

**MODERNISATION:**

The modernisation of the Industry is a continuous process to achieve better technical results and to stay in the competitive market. To meet this object, your management is continuously making investment in the Machinery and Plant by adopting a most modern and latest technology.

**CANE DEVELOPMENT:**

Undoubtedly, the disease free and healthy cane is a base for better sugar recovery. Your Directors are giving top priority to develop high yielding varieties of cane in the reserved area of the Factory and for this purpose not only paying a good premium on the supply of early maturity varieties of cane but sizeable expenses are also being incurred on other connected activities like supply of disease free cane seed, various pesticides at subsidized rates to the farmers and also making good contribution for road development etc. in the area.

**PUBLIC DEPOSITS:**

We report with satisfaction that the confidence of the general public in placing their savings with your Company is increasing year after year. The total amount of fixed deposits with your Company as on 31st March 1999 was Rs. 9.16 Crores as against Rs.4.41 Crores as on 31st March 1998. Only a sum of Rs.1.24 Lacs relating to 10 depositors was not claimed on due dates upto the end of the accounting year. However, all these deposits have been claimed and paid during the current financial year.

**DIRECTORS:**

The following Directors of your Company retire by rotation under section 256 of the Companies Act, 1956. They are eligible for re-appointment and offer themselves for the same.

1. Shri B.I. Patel
2. Shri K.P. Bhatnagar
3. Smt. Sudha Singhania

Necessary resolutions are being placed for your kind approval.

**AUDITOR'S REPORT:**

The notes given by the Auditors in Schedule 'F' of the Balance Sheet are of routine nature and self explanatory, therefore, no further explanation is required.

**OTHER PARTICULARS:**

The statement giving the particulars of employees pursuant to section 217(2A) of the Companies Act, 1956, read with rules made thereunder and the information as per Companies (Disclosure of Particulars in the report of Board of Directors) Rules, 1988 are given separately and may be deemed to be a part of this report.

The shares of your Company are listed with the Delhi Stock Exchange Association Limited, West Plaza, Indira Gandhi Stadium, New Delhi-110002. It is confirmed that annual listing fee for the current year has already been paid to the Stock Exchange.

**CURRENT YEAR PROSPECTS:**

The sugar Industry continued to be subject to adhoc decisions and policies both by the Central as well as State Government. Instability of the Government itself also leads to the arbitrary and short term decisions. While the sugarcane price is increased by the State Government every year on adhoc basis and paid from the start of Crushing Season, it is unfortunate that the increase in levy sugar price by the Central Government is not announced even by the closure of that Crushing Season which ultimately disturbs the liquidity position of the Sugar Factories and is converted into cane arrears. Apart from this, sugar is derived from agricultural produce which depends on so many natural factors. Thus, the working results of the Sugar Industry are very much dependent on the condition of crop, cane price, levy sugar price and the Government Policies. The working of Alcohol Industry is also fully dependent upon the State Government Policies, like rate of Excise Duty, availability of molasses and sale price at the U.P. Country Liquor Warehouses.

Since the Government Policies in respect of next Crushing Season are yet to be announced, it will be too early to predict the prospects of the next year. However, the management of the Company is confident that if the reasonable Government Policies, fair to all

concern, i.e. Industry, Farmers and Consumers, are announced for the next Crushing Season, and present heavy Excise Duty on Distillery products are reduced and rationalised, the Company will be able to give good financial results in the current financial year as well.

**APPRECIATION:**

Your Directors wish to place on record their appreciation for the devoted services rendered by the sincere

workers, staff and executives of the Company. Our appreciation is also due to the Financial Institutions and Bankers for their valuable cooperation and support from time to time. We would also like to express our thanks to our Shareholders and Depositors for their continued confidence in the Company.
