MANAGEMENT DISCUSSION AND ANALYSIS

Industry Structure and Development

The Indian infrastructure industry is experiencing phenomenal growth which is visible throughout the country in the form of new highways, roads, ports, railways, airports, power systems, townships, offices, houses and urban/rural infrastructure, including water supply, sewerage, drainage, irrigation and agriculture systems. There is a consensus that infrastructure inadequacies would constitute a significant constraint in realizing the growth potential. An ambitious programme of infrastructure investment has, therefore, been evolved for strengthening and consolidating recent infrastructure related initiatives.

Overall the Indian Construction and Infrastructure Industry is still able to maintain its growth of over 12%, which has been one of the consistent performer and key driver of the economy over the decade.

Internal Control

The Company has proper and adequate internal control systems to ensure that all assets are safeguarded and protected against loss from unauthorized use or disposition and the transactions are authorized, recorded and reported correctly. The internal control system provides for well documented policies, guidelines, authorizations approvals and procedures. The observations arising out of audit are subject to periodic review, compliance and monitoring. The significant observations, made in internal audit reports, along with the status of action thereon are reviewed by the Audit Committee of the Board of Directors on a regular basis for future appropriate action, if deemed necessary.
