As per Section 293(1)(d) of the Companies Act, 1956, approval of the Members is required by the Company to borrow money, where the moneys to be borrowed, together with the moneys already borrowed by the Company (apart from temporary loans obtained from the Company's bankers in the ordinary course of business), will exceed the aggregate of the paid-up capital and free reserves of the Company.

The Members of the Company at the Annual General Meeting held on September 30, 1994 authorised the Board of Directors to borrow upto Rs. 20 Crores notwithstanding that the money or moneys to be borrowed by the Company (apart from temporary loans obtained from the Company's Bankers in the ordinary course of business) will exceed the aggregate of the paid up capital of the Company and its free reserves, that is to say, reserves not set apart for any specific purpose.

During the year, the existing lender demanded repayment of loan alongwith interest. The Company borrowed loan to that extent from another lender to repay the same. Further taking into account the existing sums borrowed by the Company and the future requirements of short term funds for meeting the administrative and overhead costs and costs towards regulatory compliances, approval of Members is sought for borrowing/s (apart from temporary loans, if any obtained from time to time by the Company from its bankers in the ordinary course of its business) as may be made by the Company from time to time, such that the same does not exceed limit of Rs. 30,00,00,000 (Rupees Thirty Crores only), such amount being over and above the aggregate of the paid up capital of the Company and its free reserves, that is to say, reserves not set apart for any specific purpose and the existing borrowings made by the Company, be confirmed and ratified.

The qualification and observations made by the Auditors in their report are self-explanatory.

The Auditors in their report have qualified that the Company is no longer a going concern and has not made adjustments to accounts relating to recoverability of assets and liabilities as might be necessary when the Company is no longer a going concern. The operations of your Company have been suspended since September 1998 and there have been no further development regarding commencement of its operations. Therefore, your Directors are not able to communicate anything substantive through this report.

1. INDUSTRY STRUCTURE AND DEVELOPMENTS, OPPORTUNITIES AND THREATS

The Pulp and Paper industry is broadly classified into Newsprint, Printing & Writing and Industrial Paper. The Indian Paper Industry accounts for about 2% of the world's production of paper and paperboards.

The Indian Paper Industry is highly fragmented and capital intensive. Raw material procurement is one of the biggest challenges for the paper industry. Performance of paper industry in India has been constrained due to high cost of production characterised by inadequate availability and high costs of raw materials, energy cost and concentration of mills in particular areas.

The demand for paper is closely linked to the growth of GDP. The growth in Indian paper industry has mirrored the growth in GDP and the industry has grown on average about 6-7% over the past few years. The global recessionary pressures have affected the paper industry in India. The Indian paper mills faced the challenge of sluggish demand scenario due to slowdown in the economy in latter half of 2008 and early 2009. On account of sustained demand from diverse sectors the industry is expected to witness continued demand.

2. The operations of the Company have been suspended since September 1998 and hence information on Segment wise or Product wise performance, Outlook, Risk & concerns, financial performance with respect to operational performance is not provided.

3. MATERIAL DEVELOPMENTS IN HUMAN RESOURCES / INDUSTRIAL RELATIONS FRONT INCLUDING NUMBER OF PEOPLE EMPLOYED
