CHAIRMAN'S SPEECH

It gives me great pleasure to connect with you all through the Annual Report for the year 2019-20. India's large and diverse population warrants an efficient healthcare infrastructure that should be accessible to all bands of the society. Good quality healthcare should not be a privilege of the elite ones. Since we set up Soni Hospital in 1986, my vision and endeavor have been to bring state of the art healthcare to the masses of India. In order to achieve this, we at Soni Group of hospitals, are committed to providing advanced medical care.

Our focus has always been on the patients of the lower and middle sections of the society, patients who are rejected by the large corporate hospitals, patients who cannot afford expensive medical care and patients who deserve empathy. I believe that medicine is a noble profession and sick must not be rejected on monetary grounds.

This state of the art hospital is equipped with all modern world-class equipments and facilities. Featuring multi-specialty and super-specialty departments, we provide premier healthcare to all. A Team of 60 renowned consultants headed by 5 ex-principals & HOD's of medical colleges are affiliated to serve patients and their respective needs. Soni Hospital provides treatment in over 60 different specialties including Cardiology, CTVs, Oncology (Cancer), General and advanced Laparoscopic Surgery, Critical Care, Neurosciences, Orthopedics, Poly-trauma, Joint Replacement and Sports Medicine, Gastro sciences and numerous others specialties.

We bring together state of the art infrastructure, cutting-edge technology and a highly integrated and comprehensive information system along with a quest for exploring and developing newer therapies in medicine. A one of its kind facility in this part of the world through research, our hospitals integrates modern and traditional forms of medicine to provide accessible and affordable healthcare.

We treat each patient as our family rather than customers with a belief "We Treat, They Cure". Right from spending the time to guiding our patients about the current cost-effective course of actions, we provide world class healthcare services with empathy to our patients. I feel high gratitude when a patient recovers and goes back home.

SONI MEDICARE LIMITED was founded on the dream and vision of my late father Shri Surendra Kumar Soni who always encouraged me to serve the people of my state and my country. The group now works to continue its legacy forward. Our innovation and determination towards Women & Child Healthcare got even stronger as we recently established a new facility center for world class maternity care with a remarkable experience.

I hope that in the future we continue to provide and extend further the best international standards quality care universally to every man, woman and child in the state of Rajasthan be they rich or poor.
