ENVIRONMENT COMPLIANCE:

India is the seventh largest country in the world by geographical area. While progress in the environmental front is being made, India still faces some major challenges. Despite highly evolved environmental laws and regulations in some areas, many environmental practices such as regulation of air pollutants using model seen in western countries are still at a very rudimentary stage in India. Increased environmental regulations will likely become a key area of concern in the near future.

The increasing desire of Indian companies to meet world class standards has caused established companies in India to take on sustainable initiatives as a means of improving their global brand and reputation and the environmental sector is expected to be at the forefront of India's evolving story in the coming years.

The Company has already considered the prerequisites of environment compliance long way back and is doing new initiative every year. Some of the major initiatives of regular basis are:

Slogan of the Company – “One planet, one earth, one nature which propagates save the earth for better tomorrow”.
