## OPERATIONS:

The Company recorded a sales turnover of Rs.1013.48 lakhs during the year ended 31st March, 1998 as against Rs.802.81 lakhs for the earlier year ended 31st March, 1997. This accounts for an increase in sales by Rs.210.67 lakhs i.e. by 26.24% over that of the year 1996-97. As a result the net profit during the year, after providing for interest, depreciation and other charges, increased to Rs.34.34 lakhs from Rs.24.06 lakhs in the year 1996-97. Further, it is hoped that with the incentive of the reduced rates of interest recently announced by the Govt. of India for the EOUs like yours on their incremental- export-related working capital needs, other things remaining same, the profitability of your company in the year to come might still go up. However, with a view to conserve the internal resources for meeting the growing working capital requirements of the company, your directors for this year also do not recommend payment of any dividend.

## MARKETING:

Thanks to the maintenance of quality of your company's products and strict adherence to the delivery schedules, your company continues to get repeated orders from all its existing customers in the United States of America, Hong Kong, Singapore, Australia, New Zealand, England etc.

## QUARRIES:

Your Company successfully identified both within and outside the state a few quarries of premium colours like Black, Red, Green etc. which are in great demand in the international market. Besides the long time arrangements, your company already had for supply of premium colours like Black Galaxy, Red Multi, Paradiso, Green etc., it is making similar arrangements to meet its requirement of other fast moving colours as well. Further, your company's quarrying activities in the state of Orissa are to become operational very soon. With all this your company should be able to meet in full its increased raw material requirement.
