## DIVIDEND

Your Directors are pleased to recommend a dividend @ Rs. 1.50 per share on the equity shares of the Company for the year ended 31st March, 2014. If approved, the dividend will absorb Rs. 697.82 Lakhs (including Rs. 101.37 Lakhs towards dividend tax).

## REVIEW OF OPERATIONS

Your Directors are pleased to inform that Company crossed the Rs. 1000 Crores turnover mark and has achieved Gross operating revenue of Rs. 1,037.16 crores during the year under review as against Rs. 897.62 crores in the previous year, thus registering an increase of 16% in gross revenue.

The production of D.I. Pipes during the FY 2013-14 was higher at 1,62,892 MT as compared to 1,57,753 MT for the FY 2012-13.

The production of Mini Blast Furnace (MBF), producing liquid metal mainly for Ductile Iron Pipe Plant was higher during the FY 2013-14 by 10.82% at 1,98,036 MT compared to 1,78,707 MT for the FY 2012-13. The production of Low Ash Metallurgical Coke was higher in FY 2013-14 by 9.66% at 1,37,339 MT as against 1,25,239 MT in FY 2012-13 and the power generation in 12 MW – Waste Heat Recovery Based Captive Power Plant was also higher in FY 2013-14 by 37.38% at 882 lakh units as against 642 lakh units in FY 2012-13. The production of cement during the FY 2013-14 was marginally higher

at 67,396 MT compared to 66,059 MT in the previous year.

Successful commissioning of Sinter Plant in the last quarter of the FY 2012-13, helped the Company during the year under review, in replacing high cost calibrated iron ore with iron ore fines. Resultant reduction in coke consumption and the favourable coal prices movement culminated into overall reduction in input cost.

This apart, the improved availability of captive power generation, during the year under review, minimized the incidence of power purchase from power exchange and also reduced the dependence on generation of power by DG Sets, thus leading to significant lower power cost during the FY 2013-14 as compared to FY 2012-13.

With the hedging policy of the company in place for the year under review the company prevented its foreign exchange losses inspite of unfavourable fluctuation in rupee-dollar equation.

With moderate growth in the volumes of D.I. pipes during the year under review, coupled with reduced cost of molten metal and captive power, your Company has achieved a pre-tax profit of Rs. 41.42 Crs in the FY 2013-14 as against a net loss of Rs. 21.32 Crs reported in the FY 2012-13.

## **FUTURE PROSPECTS**

During the current year, the company has embarked an investment of Rs. 100 Crores by way of capital expenditure to improve the quality and production level of Ductile Iron Pipes. The company is adding certain balancing facilities which include enhancement of blowing capacity in MBF, additional induction furnace, new spinning machine with higher productivity, additional finishing line and other process automation equipments. This will result in increased production of Ductile Iron Pipes by 50000 MT per annum.

This investment will also enable the company to enter into export market. The project is funded by term loan and internal accruals.

In spite of intense competition in the domestic market, the order position of your company is comfortable for FY 2014-15. Barring unforeseen circumstances, on completion of these investments in 2014, the company will start getting the benefits of higher production from last quarter of current financial year.

## **CREDIT RATING**

Your Company has been rated as "CARE A (Single A)" for long term bank facilities. This indicates adequate degree of safety regarding timely servicing of financial obligations and carry low credit risk. The rating assigned for short term facilities is "CARE A1 (A One)" and indicates having very strong degree of safety regarding timely payment of financial obligations and carries lowest risk.

# ANNEXURE – ‘A’ TO DIRECTORS’ REPORT

Information as per Section 217(1) (e) of the Companies Act, 1956 read with Companies (Disclosure of Particulars in the Report of Board of Directors) Rules, 1988 and forming part of the Directors’ Report for the year ended 31st March, 2014.

## A. CONSERVATION OF ENERGY:

### a. Energy Conservation Measures taken:

- Revamping of battery No. 2 of Coke Oven Plant to arrest heat losses, this resulted in increased power generation.
- During power restrictions, reduced operation of DG sets and purchased power through Exchange to minimize diesel consumption.
- Power generation of 12 MW Captive Power Plant increased by 37% to its full capacity and the auxiliary consumption is reduced from 11% to 9%.
- Installed PLC system in D.I. Pipe Plant for energy conservation.
- Installed VFDs in D.I. Pipe Plant and Cement Plant to reduce the energy consumption.
- Modification of BFG system to reduce oil consumption further in annealing furnace.
- Installed Hot Air Generator in Cement plant to control Slag moisture to facilitate higher percentage of slag consumption.
- Installed additional capacitors bank in Coke oven plant and Cement plant to improve power factor.

### b. Additional investments & Proposals, if any, being implemented for reduction of consumption of energy:

- Installation of 132 KV power sub-station

to improve quality of power and to minimize power intermediates.

- Installing VFDs for annealing furnace ID fan to reduce energy consumption.
- Installing solar street lights in common areas for promoting renewable energy.
- Introduction of cooling tower fan auto on/off system with water temperature to reduce energy consumption.
- Further modification of BFG system to reduce further oil consumption in annealing furnace.
- Initiating infrastructures for supply of steam to replace Oil in existing and upcoming Steam Curing Stations of D.I. Pipe Plant.
- Energy conservation is a continuous activity and it is the constant endeavor of the company to bring in awareness and encourage the employees to conserve energy at every stage through Small Group Activities.

### c. Benefits derived from the above initiatives (a) and (b):

With the implementation of aforementioned energy saving measures, generation of DG power has come down significantly and consumption of energy in MBF, Coke oven plant has also reduced. Upon implementation of proposed energy saving measures, the cost of energy is expected to come down further, besides resulting in reduced oil consumption.

## B. TECHNOLOGY ABSORPTION:

The Company is in the process of absorbing Chinese Technology for Spinning Machine and additional finishing line.
