ANNEXURE TO THE NOTICE**EXPLANATORY STATEMENT AS REQUIRED UNDER SECTION 173 OF THE COMPANIES ACT, 1956.****In respect of Item No. 7**

As the Members are aware, the Company was incorporated in the year 1980. Since inception the Company has been a Board-managed Company. The Company owes its present image, stature and the good performance largely due to the role of the Board of Directors of the Company.

As approved by the Members at the Annual General Meeting held on 14th March, 1997, the Directors are presently eligible for remuneration by way of commission @ 3% of net profits as determined under the provisions of the Companies Act, 1956, besides the payment of sitting fees for attending the Meetings of the Board or Committees thereof. The earlier sanction of the Members was for a period of 5 years from the then financial year commencing on 1st October, 1996. The validity of the said approval expires on 30th September, 2001. The Company changed its financial year from October-September to April-March from March, 1999. Accordingly for making any payment of such commission to the Directors for the financial year ending 31st March, 2002, the Company would require the permission of the members as contemplated under Section 309 of the Companies Act, 1956.

In view of the above, while looking to the present-day complex business environment and the increased responsibilities either statutory or otherwise being shouldered by the Directors, it is considered reasonable, fair and justifiable to pay to the Directors of the Company remuneration by way of commission of a sum not exceeding 3% of the net profit of the Company computed in the manner laid down under Section 198(1) of the Companies Act, 1956 or Rs.7.50 Lacs in aggregate, whichever is lower. This remuneration would be paid to the Directors either wholly or in part or in such proportion or manner as may be decided by the Board of Directors from time to time and in default of such determination equally.

In accordance with the provisions of Section 309 of the Companies Act, 1956, it is proposed to pay the said remuneration for a further period of 5 years with effect from the financial year beginning 1st April, 2001.

All the Directors may be deemed to be interested in the said Resolution to the extent they are entitled to receive the commission.

MANAGEMENT DISCUSSION AND ANALYSIS (MD&A)

Financial Review

Stanrose Mafatlal Investments and Finance Limited, one of the medium sized private sector Non-Banking Finance Company (NBFC) has reported satisfactory financial and operating performance during the year ended 31st March, 2001.

The gross income for the year decreased by about 19% to Rs.212.75 Lacs compared to Rs.262.42 Lacs in the previous year. Profit after tax has also marginally decreased from Rs.108.28 lacs to Rs.100.43 Lacs.

Depreciation was lower at Rs.36.05 Lacs (Previous Year Rs.51.02 Lacs) and the tax provision decreased to Rs.7.00 Lacs (Previous Year Rs.22.00 Lacs). The gross profit for the year was lower at Rs.143.47 Lacs against Rs. 181.30 Lacs in the previous year, mainly due to low interest/badla rates, uncertain capital market and repayment of public deposits.

Industry structure and developments

The Non-Banking Financial Services (NBFC) industry in private sector in India is represented by a mix of few large and national level companies and a large number of small and medium sized, regional and local companies. These NBFCs provide a variety of services including fund-based and fee-based activities as well as cater to retail and non-retail markets and niche segments.

The imposition of stricter registration and other regulatory compliance requirements over the years has led to better investor protection and an improved overall industry environment.

Business Review

The business of the Company, inter alia, consists of Intercompany Investments, Leasing and Hire Purchase, Trading in Shares & Securities, Finance and Property Development. Segmentwise brief outline of financial and operational performance is as under:

(I) Intercompany Investments

The Company's investment portfolio is reviewed from time to time. Details of the Company's investments are given in Schedule 5 of the Balance Sheet of the Company as at 31st March, 2001. The total worth of Company's Quoted and Unquoted Investments (including Stock-in-trade) as at 31st March, 2001 is Rs.2123.76 Lacs, which reflects a general decline in the market capitalisation in the prevailing Capital Market conditions.

During the year under report, the Company has deployed additional funds of Rs.48.04 Lacs in investment in equity shares besides net increase in equity under Stock-in-trade by Rs.21.59 Lacs, whereas it realised investments of the aggregate book-value of Rs.107.48 Lacs.

During the year under report, the Company has made a net profit on sale of long-term investments of Rs.100.66 Lacs against Rs.2.46 Lacs during the previous year.

Towards the close of year, looking to the fragile capital market conditions, the entire amount deployed in Badla Finance was withdrawn and parked in the units of debt-oriented liquid schemes of certain reputed mutual funds, which increased the total exposure at the year end in debt funds to Rs.349.71 Lacs.

The Company earned income by way of Dividend of Rs. 30.52 Lacs against Rs.100.77 Lacs in the previous

STANDROSE MAFATLAL

year. The reduction is mainly on account of absence of Dividend from HDFC and the two wholly owned subsidiary companies against Rs. 33.22 Lacs and Rs. 24.01 Lacs respectively received from them in the previous year and drop in dividend from Book Bandh Badla business by Rs. 6.90 Lacs.

(II) Leasing and Hire Purchase

As reported earlier, in view of increasing defaults due to recession, stiff competition posed by the banks, financial institutions and multinationals having access to low cost finance and stringent regulatory norms, the company has stopped further funding for industrial and car finance under lease and hire purchase business. Consequently, the income from these sources keeps on decreasing year after year which stood at Rs.50.87 Lacs as compared to Rs.70.24 Lacs in the previous year.

(III) Trading in Shares and Securities

During the year under review the Company kept on concentrating its focus on trading in equity and has made a profit of Rs.16.30 Lacs from these activities. However, with the abnormal fall in share prices at the end of the year the value of the closing stock (valued at lower of the cost or market value) decreased by Rs.21.50 Lacs to Rs.247.08 Lacs, resulting in a net loss of Rs.5.20 Lacs from these activities.

(iv) Finance

During the year under review the surplus funds were mainly deployed in Badla Finance on the recognised Stock Exchanges. However, as mentioned hereinabove, in view of the fragile Capital Market conditions the entire amount deployed in Badla Finance was withdrawn towards the close of the year and parked elsewhere. The income from Interest and Bills Discounting Charges has reduced to Rs.34.95 Lacs from Rs.64.97 Lacs. This decrease is mainly on account of fall in the Badla rates which were hovering around an average rate of 10% against 17% during the previous year.

(v) Property Development

As regards the joint venture project of property development undertaken by the Company at Ahmedabad, the continued recession in the real estate market and revised regulations regarding payment of impact fees resulted into lower demand and value of the property. The Company has partly written off the income to the extent of Rs.4.19 Lacs booked from this project in the initial years of its commencement as it now seems difficult to be realised.

Outlook

The Company is likely to maintain its focus on capital market activities including trading in securities and emerging products in derivatives.

The Company will also look for any attractive opportunities in other growth areas in the financial services sector.

Risk and concern

The Company is exposed to the normal industry risk factors of interest rate volatility, credit risk, market risk and

operational risk. It manages these risks by maintaining a conservative financial profile and by following prudent business and risk management practices.

Adequacy of Internal Control

The Company has proper and adequate system of internal control to ensure that all activities are monitored and controlled against any unauthorised use or disposition of assets and that the transactions are authorised, recorded and reported correctly.

The Company ensures adherence to all internal control policies and procedures as well as compliance with all regulatory guidelines.

The Board has recently formed an Audit Committee of the Board of Directors which will also keep on reviewing the adequacy of internal controls.

Human Resource Development (HRD)

The Company has able and experienced industry professionals and employees. During the year, two employees have ceased to be in the employment, decreasing the total number from 23 to 21.

Opportunities

The services sectors in India are generally expected to grow at a faster pace compared to overall economy in the future. This is likely to create a positive environment for the financial services industry in India. The Company shall endeavour to take advantage of the emerging growth opportunities in Indian economy.

Threats

The Company faces normal market competition in its business. The working of the NBFCs continue to be adversely affected by defaults due to recession, stringent regulatory norms and stiff competition posed by banks, financial institutions and multinationals having access to low cost finance. In view of such adverse scenario the Company has almost stopped funding activities for industrial and car finance under Lease and Hire Purchase as also Bills Discounting Services. The Company's healthy financial position and adoption of suitable business strategies have enabled it to consistently post satisfactory performance despite difficult conditions, when a number of other companies in the sector are finding it difficult to survive.

The continuance of slow down in economy coupled with the reduction in the interest rates would continue to affect the income level of your Company in the current year. However, with the effective control over the expenses and prudent deployment of available resources, the Management is hopeful of maintaining satisfactory results.

CORPORATE GOVERNANCE

As per the amended provisions of the Listing Agreements with the Stock Exchanges your Company is required to comply with the requirements of Corporate Governance by 31st March, 2002. The Company has already started putting in place the SEBI's guidelines in this respect and constituted an Audit Committee and the investors' Grievance Committee as envisaged under the Code. It will be fully in line with the Code before the stipulated deadline.

STANROSE MAFATLAL INVESTMENTS AND FINANCE LIMITED**FIXED DEPOSITS**

During the year under review, the Company has not accepted or renewed any public deposits. Public Deposits at the end of the Financial Year stood at Rs.0.54 Lac against Rs.2.70 Lacs as at 31st March, 2000. These Rs.0.54 Lac relating to 12 depositors remained as unclaimed though due for repayment as at 31st March, 2001. Since then deposit amounting to Rs.0.14 Lac have been repaid relating to 4 depositors.
