LETTER FROM CHAIRMAN

Dear Shareholders,

It is my privilege to present the 44th Annual Report of your Company for the year ended December 31, 2017.

India's continues to be on reforms trajectory with introduction of some of the important economic reforms including Goods and Service Tax (GST) as the biggest reform in the history of India. Growth in India is subdued in 2017 at around 6.7 % owing to business adjustments to newly introduced GST. Protracted balance sheet weaknesses in particular, a corporate debt outcrop and rising non-performing loans in the banking sector continued to weigh on already weak private investment in the country. India is expected to reclaim its tag of the 'fastest growing economy' among the developing countries in 2018 with 7.4 % of GDP growth, following last year's subdued performance. In 2018, Private investment is expected to revive as the corporate sector adjusts to the GST, increase in infrastructure spending and mitigation of private sector balance sheet weaknesses with the help of efforts of government and RBI.

Global economy is expected to grow at 3.9% in 2018 as against 3.7 % in 2017. In 2017, most of the world economies have seen pickup in growth in year on year terms, the broadest synchronized global growth upsurge since 2010. Faster than expected increase in advanced economy core inflation and interest rates, inward looking policies, geopolitical tensions and political uncertainty in some countries may affect the global growth.

From second quarter of 2017, textile industry is experiencing slow-down as most of the business houses have hold back their capital investment plans which in turn did impact demand for Company's Capital Products. The domestic textile industry is one of the most impacted sector by GST as large number of business players are unorganized. Eliminating bottleneck issues related to GST is imperative to revive textile sector growth. Appropriate allocation of fiscal resources under TUFS to incentivize garmenting units by way of Capital Investment Subsidy may help to give a boost for capital investments, employment generation and increased production capacity and exports in the textile sector. Setting up of apparel parks by the Government, Free trade with ASEAN countries and execution of proposed free trade agreement with European Union may help boost exports of Indian textiles.

In financial year 2017, despite overall challenging business environment, your Company continued its efforts to further penetrate its business, sustain the performance and attain double digit growth in revenue. Your Company achieved standalone revenue from operations of Rs. 2100.82 Million (Previous year Rs.1885.13 Million), which marks growth of about 11 % in comparison to prior year. The increase in revenue is contributed by growth in sales of almost all product lines and more particularly Rotary Screen Printing Machine and Nickel Perforated Rotary Screens. The standalone Profit before Tax stood at Rs. 392.50 Million (Previous year Rs. 339.78 Million). The consolidated revenue from operations stood at Rs. 2129.66 Million (Previous year Rs. 1946.43 Million), an increase of about 9 % in the consolidated revenue. The consolidated Profit before Tax for the financial year 2017 stood at Rs. 413.99 Million (Previous year Rs. 377.85 Million).

Streamlining our operations and infrastructure, increased market reach, improved customer service and value add to customer's business with our quality products has helped Company to maintain its growth momentum. Our customer centric and focused approach, highly engaged and committed work-force allowed us to maintain and reinforce our strong position across our markets.

On behalf of the entire Board of Directors of Stovec Industries Ltd., I would like to sincerely thank our valued Stakeholders for their continued confidence, support, co-operation and understanding. I would also like to thank our dedicated employees for their unrelenting commitment and passion that enables continuous improvement and growth.

Warm regards,

K. M. Thanawalla
Chairman
