MANAGEMENT DISCUSSION & ANALYSIS REPORT

Industry Structure & Development

India's textile Industry has always played a very vital role in the Indian economy contributing to over 20% of the national production. With an employment base of 15 million across all textile sectors, India is only second to China in textile production worldwide and the third largest producer of cotton in the world.

Textiles in India can be broadly classified into two categories, the organized and the unorganized sector. However, considering the importance of the industry in the national economy, the Government is currently taking urgent steps to attract further investment, growth and development in the industry.

Opportunities & Threats

The textile industry has always been the backbone of the Indian economy. However, with changing circumstances, especially with the emergence of China as a textile centre as well as the continued expansion of the unorganized sector, there is a considerable strain on the profit margins of Companies today.

Having said that, the sheer size of the market for textiles itself gives tremendous impetus for volume sales. The Company is currently working on enhancing its sales in the readymade garment and fabrics sector.

Financial Performance

Total turnover of the Company during the year was 139.26 Lakhs as against 111.75 Lakhs in the previous year. The turnover increased by 24% compared to the previous year. Profit before interest, depreciation and taxes was Rs. 44.12 Lakhs.

Risks & Concerns

The primary risk for the Company is with the unorganized low cost sector. Having to compete with low cost, low quality manufacturers is always a concern. Secondly, import of fabrics is always a direct competitor to the Company. There are currently no significant borrowings and as such the Company is well isolated from financial risks & concerns, especially with the increasing interest rates.

Internal Control Systems

The Company has suitable internal control systems which ensure safeguarding the Company's assets, promote efficiency and ensure compliance with legal and regulatory provisions. The audit committee is headed by a chartered accountant with over 40 years of experience. The statutory auditors also discuss their comments and findings with the management as well as with the audit committee.
