2. THE YEAR IN RETROSPECT :

(A) Sales :

Gross Revenue for the year ended 31st March 2008 amounted to Rs. 4023 million as against Rs. 3907 million achieved during the previous year. Profit after tax for the year ended 31st March 2008 was Rs. 69 million as against Rs. 41 million earned during the previous year.

The growth of the Pigment industry continues to be impacted by excess capacities worldwide and falling margins. Given the tough operating conditions prevailing in the domestic and international market, the Pigment Division has performed reasonably well. Pigment sales rose in 2007-2008 from Rs. 2946 million to Rs. 3496 million registering a growth of 19 % as compared to the previous year. Profits of the Pigment Division for the year under review amounted to Rs. 432 million as compared to Rs. 342 million of the previous year. High Performance Pigments and Effect Pigments continue to be drivers for future growth. New premium products are being introduced by the Company, to especially cater to overseas customers.

Agro Chemical Division in the previous year had reported lower sales and losses. During the year under review, the Board had taken a decision to reduce the capital employed in the Agro Chemical business and also taken steps to substantially reduce the losses. As a result, the capital employed in this business has been reduced from Rs. 16 million to Rs. 8 million.

Agro Chemical Sales for the year ended 31st March 2008 amounted to Rs. 439 million. The Company's agro chemical products are mostly generic in nature and there is increasing market pressure on generic products leading to falling margins and high competition. The increasing acreage in the usage of BT Cotton is also putting pressure on the Company's agro chemical products.

(B) Exports :

Revenue from exports for the year ended 31st March 2008 amounted to Rs. 1463 million as against Rs. 1347 million for the previous year registering an increase of 9 % over the previous year. About 95 % of the exports were accounted by Pigments and the rest by Agro Chemicals. This

growth has been achieved despite the rupee appreciation. The growth in Pigment exports has mainly come through its traditional markets of Middle East, Far East and USA.
