Annexure I to Directors' report for the year ended 31st March 2000

Information as required under section 217(1)(e) of the Companies Act, 1956

A. CONSERVATION OF ENERGY

1. Measures taken:

Introduction of steam heating instead of electric heating for drinking water application.

Switch over from water cooled to air cooled condensers for packager air-conditioners.

Timer introduced for chip conveyor in CNC machines.

Change over from LDO to furnace oil in reverberatory furnace for melting aluminium ingots.

FRP sheets for better lighting in factory and conservation of lighting power during the day.

The above measures have resulted in savings of approximately Rs.45.60 lakhs.

2. Proposed measures:

PLC for automatic switching off lights and air-conditioners in design office and R & D.

Introduction of additional power factor improvement capacitors.

Power saver for factory lighting in foundry division.

The above measures are expected to result in annual saving of approximately Rs.1.90 lakhs.

B. TECHNOLOGY ABSORPTION

Research & Development (R & D)

(1) Specific areas in which R & D is carried out by the company.

Existing activities:

- Customer oriented product development including Type 12/12 Spring brake actuator, Exhaust brake assembly.
- Redesign of brake chamber and purge tank to reduce cost.
- Development of advanced braking systems - in particular Anti-lock Braking System (ABS) with Anti-Spin Regulation (ASR) System presently undergoing field trials.

(2) Benefits derived as a result of R & D:

The development of products like exhaust brake assembly, Type 12/12 spring brake actuator, new wedge brake actuator and vacuum solenoid valve will lead to increase in business in the Indian Market.

Development of products like R14 Vertical, R14 Horizontal and R12 Horizontal relay valves for exports market will lead to our participation in the International Market.

Enhanced safety for commercial vehicles fitted with ABS/ARS system by reducing accidents due to skidding and consequent loss of control on slippery roads. As a major proportion of road accidents and loss of life involves commercial vehicles. These devices benefit the society considerably.
