**SUPER CROP SAFE LIMITED****FROM THE DESK OF CHAIRMAN**

As envisaged the demand of eco-friendly biological products in general is steadily growing. Your company has been able to promote its biological products in the market and it is encouraging to record that the same have been very well accepted by several farmers in various Indian states.

It has been observed that the biological products of your Company are found to supplement or complement the currently used chemical pesticides and thereby accelerate the efficiency of plant protection programmes in almost all the major crops.

Yet another mile stone of your company is launching of "Organic-Natural Manure". You may be well aware of the fact that the indiscriminate and imbalanced use of synthetic fertilizers over the years are learnt to adversely affect the soil structure, texture and productivity. This fact was also highlighted by the U.F.M. in his budget 1998-99. To enable to restore the soil productivity, your company has launched "Organic-Natural Manure" and is expected to help the farmers and company.

By developing need based and target directed products, your Company is hopeful to progressively perform better in the years to come.
