Vision

To execute projects with **consistent quality assurance, cost control and adherence to milestones** as per customer requirements.

To endeavour to promote the culture of **sharing rich and varied experience** with staff members, as also with clients, which will benefit and help the growth in the construction fraternity and society at large.

Breaking New Grounds

In excellence.

In quality.

In scale.

In diversity.

In value.

For us, at Supreme Infrastructure India Ltd. (SIIL), ground-breaking is more than a ceremony and much more than a ritual that marks the launch of each of our projects.

It is a value system that transcends every function of our business operation.

An ethos that is manifest in our successful execution and delivery – across the entire spectrum of our EPC & BOT projects.

And that is evident in our in-house capabilities, developed through extensive backward integration, that facilitate our exemplary performance in every vertical of our presence.

And which has enabled us to expand our vertical and geographical presence, to foray into new EPC business segments – power, irrigation, sewerage and into the northern regions of Punjab, Haryana and NCR.

It is the driving force that helps us break new grounds every step of the way, as we traverse the journey into the future, with greater focus on BOT projects.

And that enables us to give exemplary value to each of our stakeholders through our growing portfolio of iconic quality projects.

Company Overview

Profile

A young, diversified & dynamic infrastructure development player, Supreme Infrastructure India Limited (SIIL) is a Rs. 5,332.5 million company, engaged in Engineering Procurement and Construction (EPC) business.

Armed with robust integration and superior execution capabilities, SIIL, promoted by Mr. Bhawani Shankar Sharma, has a diversified portfolio of roads, bridges, railways, power, buildings & sewerage. After building diverse capabilities in the EPC business, the Company is now expanding its BOT business on the back of key strengths that encompass quality benchmarks of the highest standards and timely execution of projects, along with excellent project management.

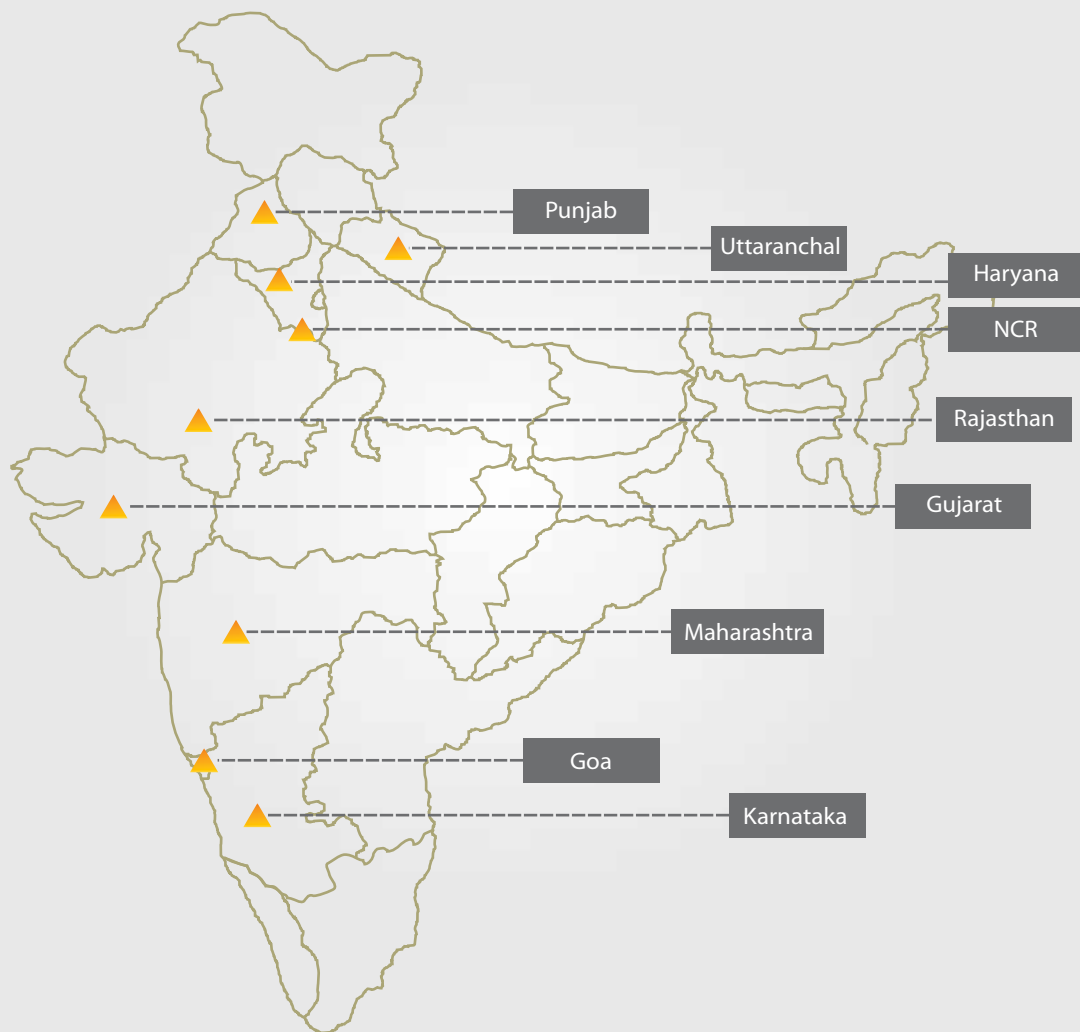

The Company has also leveraged its expertise, skills and experience in high margin and superior quality contracts.

Led by the commitment of a visionary management and steered by the hard work of a dedicated team, the Company has created value for its stakeholders. SIIL's shares are listed on the Bombay Stock Exchange (BSE) and National Stock Exchange (NSE).

Expanding presence

The Company has established a strong project base in Maharashtra, Gujarat, Rajasthan and Karnataka, and has recently forayed into the states of Haryana, Goa, Punjab and Uttaranchal and NCR region.

*Map not to scale
