Managing Director's MESSAGE

Report Junction.com

Dear Shareholders,

It gives me great pleasure to present Annual Report for the year 2008-09 of Swastika Investmart Limited. I must say that 2008-09 was not a superlative year for us, and our industry; it was a devastating year with economic uncertainties, slowdowns and recession throughout the world including India. Now we are seeing an optimistic economic recovery in the worldview. Present economic indicators over the world and especially in India have begun to see the green light of revival that is heartening.

Swastika has a simple approach to run and manage its business. This approach has worked both in good times and bad that has been demonstrated by the extremes of FY 08 - 09. A look at the numbers of F.Y. 08 - 09 of your company shows total consolidated operational revenue of Rs. 1,125 Lacs (F.Y. 07 - 08 Rs.1,171 Lacs), a drop of 3.93 %, which was very much satisfactory and appreciable as a whole.

Swastika has a value based approach to run and manage its business. This approach will firmly establish it as one of the India's most successful and leading broking company in the years to come.

Despite of uncertain economic conditions during the last year, we expanded our business in Northern part of the country and shifted our registered office from Andheri, Mumbai to Fort, Mumbai. During the year, your company became the Corporate Member of NSE Currency, MCX- SX and registered with Securities and Exchange Board of India as a Portfolio Manager.

I am pleased to say that "Swastika" now stands stronger, for having experienced the uncertainty and turmoil of that period. These events ensured we focus on fundamentals of our business and swiftly act upon ferocity of problems as they arose.

The outlook for the future seems positive with an advantage for India and other emerging economies. While there have been deep-rooted challenges globally and developed countries continue to struggle, it seems that the worst may now be over for developing countries like India. Your Company is committed to give better performance as well as result in the coming Financial Year.

External factors like stable government at the center are expected to bring clear direction to economic boosters such as disinvestment, infrastructure development and progressive reforms that will support higher consumption. India's large savings - pool and non-discretionary consumption also adds value to the potential in domestic growth story. Your company should be able to make the best of this dynamic situation and aspires to do so.

On the economic front, F.Y. 08 - 09 will be remembered for leaving a long lasting impact on the existence and fortunes of organizations. While some companies have structurally changed, there are others that have become even more resilient. At Swastika, we are satisfied with our role in the industry and our ability to face adverse market situations.

We immensely value the faith that you have reposed in Swastika and would like to thank you for your continued support.

With best wishes,

Sincerely,

SUNIL NYATI
