Managing Director's letter to the Stakeholders

Dear Shareholders,

Dream - We dream of spreading prosperity all around our eco-system. Right from our customers to stake holders to our team.

Believe - We believe in ourselves - our core values, morals, hard work and perseverance.

Achieve - We achieve what we dream of year after year. With this note, with high spirits, I am excited to share with you the highlights of our achievements for the year that passed.

During the last year, your company added more than 13% new clients along with opening of 14 new branches across the country. Thus we have successfully achieved a feat of more than 70,000 satisfied clients with a pan India presence in 69 cities with 87 branches.

The Financial year 2015-16 saw a drop in the market volumes of the Exchanges when compared to previous year. Our consolidated revenue for the year increased by 6.67% as compared with last year. Our total expenses also increased during the year by 26% due to opening of new branches and expansion activities during the year. We believe we will be able to capitalize on these expenses this year as we have very high hopes from our upcoming new branches and our new business development strategies.

Continuing the trend to felicitate our share holders for their belief in Swastika, the Board has proposed a dividend of Rs. 1/- per share, i.e., 10% of the face value of the shares, thus marking this year as the 11th continuous year of paying dividends.

Dun & Bradstreet Information Services India Pvt Ltd along with BSE published a report titled 'India's Leading Equity Broking Houses 2015' and your company was ranked 13th in the category - 'Number of Offices' & ranked 19th in the category - 'No. of Terminals'. NSDL also awarded your company as '**No. 1 Star Performer**' in account growth rate category.

Talking about the way forward, the government has taken several important steps in the direction of sustainable economic revival and growth inclusive policy initiatives with a focus on improving governance and enhancing the ease of doing business. Passing of GST is another positive signal for the Indian economy. All these measures demonstrate the government's commitment towards a prosperous and a powerful India. In fact, the World Bank published in their report in January 2016 their predictions for the Indian economy to grow by 7.9% by 2018. I am sure that high economic growth will translate into vibrant markets and wider capital market participation.

Internally, our strategies of strengthening our franchisee network, activation of inactive accounts along with acquiring fresh clients, upgrading our processes and putting a robust risk management framework in place have all worked well. We are also in the process of making some exciting technology based announcements which would propel us to grow really fast.

In the end, I would urge all our stake holders to **dream** of prosperity and growth everywhere. I hope all our stake holders continue to have their unwavering **belief** on us so that we strive hard to **achieve** all our dreams. We are fully geared up for the exciting times ahead.

With best wishes
