3. REVIEW OF OPERATIONS

The complete year was overshadowed globally by the China – USA trade war leading to uncertainty and slow business, and domestically by the poor demand off take due to very low GDP growth rate and strained liquidity. It was a really challenging year and ended off even worse with the last 10 days bringing everything to a complete halt due to Lockdown announced by the Government of India to curb spread of COVID Pandemic.

The Company suffered a lot during the year as cotton prices spiked up due to shortage of cotton and the country ended up importing an all time high cotton of 30 lac bales plus. The situation was aggravated as CCI held 10 lac bales and did not sell the same in cotton year 2018-19 at market prices. This coupled with very poor demand globally for cotton yarn lead to a steep fall in revenue and also losses. The rise in input cost resulted in reduced margins.

A good monsoon, and better cotton crop improved things in the second half however the setback of COVID 19 lead to global demand slowing in Q4 due to China closing down followed by Europe.

The struggle continues, as the Company settled down post its restructuring of reducing spinning assets and building garment capacities. The same had started stabilizing and the Company started building its garment exports and could generate the export sales of Rs. 15.90 Crores and was hopeful on building upon it in 2020-21.

The Company closed the year with reduced revenue of Rs. 423.04 Crores and losses after tax of Rs. 1.27 Crores. The upswing seen was cut short due to COVID 19 from January end as export to China and some other countries was affected due to it, otherwise it was hopeful of recouping its first half losses in the second half.

A positive side was the Company reworking its ecommerce business and relaunching the same. In just 3 months the Company saw good traction and is hopeful that this segment would hold it in good stead in the coming year.

4. FUTURE OUTLOOK

We enter the year in a Lockdown position with everything stalled. However the Company was able to start its Gujarat units on April 20th, its Gajroula garment unit with PPE production from April 14th and its Avinashi unit from May 6th. By end May, Gujarat unit reached 90% capacity, while Avinashi and Gajroula were at 50% capacity. It reacted quickly to the COVID situation and within the lockdown period in 3 weeks developed masks, coveralls and other protective clothing to fight COVID.

Conditions are going to be tough in the coming year; however the Company has worked on a war footing on reconfiguring its plans and will be focussing on:

- PPE development and sales
- Online sales through ttbazaar.com and prominent marketplaces
- Focus on rural and semi urban markets with its value for money basic range, as the same is expected to see no major fall in demand in 2020-21 post May.
- Cutting costs at every level and run the Company very tightly.
