MANAGEMENT DISCUSSION & ANALYSIS:

Industry Structure and Development:

The Company is currently exploring in Food and Beverages Industry. The Indian food industry is poised for huge growth, increasing its contribution to world food trade every year. In India, the food sector has emerged as a high-growth and high-profit sector due to its immense potential for value addition. The Indian food processing industry accounts for 32 per cent of the country's total food market, one of the largest industries in India and is ranked fifth in terms of production, consumption, export and expected growth.

Opportunities & Threats, Trends & Strategies:

- Opportunities of Food and Beverage Industry:
 - Online Store & Delivery
Most of the world-leading brands in the food and beverage industry are converting their business online where people would have the option to choose any of their favorite food items and place their order for delivery.
 - Technology to Reduce Cost
If the food and beverage industry adopts technology in the maintenance of recording, smart broiler and ovens in the kitchen, and online ordering system, then the whole business would become efficient, there won't be any delaying cost or kitchen-related safety incidents.
 - Higher Income
The income of the ordinary working class has been increasing for the past few years, it's because of wage laws. When people have extra money, then they would spend by eating well. More sales mean more profit.
 - Higher Population
Population across has been increasing across the world. Although it has many disadvantages, it's beneficial for the food and beverage industry. It is because a higher population means more people to feed, more people means more sales.
