## CHAIRMAN'S MESSAGE

The economy of our country is on the threshold of an unprecedented growth. This positive upsurge is evident through a sustained growth pattern, strong investment climate and a dynamic industrial sector. With Government's commitment towards consolidation, development and growth of our economy, the role of our country's infrastructure sectors has assumed a critical dimension. The 11th Five Year Plan envisages an infrastructural investment of US\$ 450 Billion (Rs.1,845,000 Crores) with the economy witnessing a robust growth and manufacturing and services remaining as key drivers.

Your company has already positioned itself to take full advantage of these emerging opportunities and TIL's objective is to meet the challenges and reap rich benefits from every opportunity that comes its way. This is reflected in your company's financial performance. For the year ended 31st March, 2007, TIL's PBT rose to Rs.28.63 Crores from Rs.18.85 Crores registering an increase of 52%. The group posted a consolidated PBT of Rs.35.50 Crores representing a growth of 67%. While the total income for TIL grew to Rs.597.07 Crores registering a growth of 24%, the consolidated total income of the group also increased to Rs.792.18 Crores showing an increase of 40%.

Combined with this excellence, your company continues to introduce new products that represent state of the art global technology. As a part of its new product offerings, TIL plans to introduce Rubber Tyred Gantry Cranes for container handling operations at ports and inland container depots. Also in the pipeline are expansion plans of its facilities to serve the growing demands of industry. Caterpillar also has demonstrated focus on India, identifying India as a major market. They have commenced manufacturing new models in India with an increased and wider product range slated to be manufactured in the country. This signifies encouraging business outlook for TIL.

In line with the positive trend of our economy and business scenario, and a concentrated focus on infrastructure, your company's businesses are organized into three groups - the Material Handling Solutions, the Construction & Mining Solutions and the Power Systems Solutions. This is to effectively optimize the emerging opportunities in the market with new initiatives and pursue the excellent growth track of TIL.

With Technology, Leadership and Innovation as its vision, along with a strong equipment range and a commitment to provide superior support to customers, your company is convinced that it is on a strong growth trajectory. Your company assures you it shall remain committed to retain its leadership position and will continue in its goal towards becoming world class solutions provider in the industry.

(A. MAZUMDAR)
